

June 5, 2018

Schultzville, NY

A bid opening occurred in the Town Hall for Blacktopping and Garage Doors using the SAM grant funds. Present were Kimberly Diehl and Carol Mackin, Also present were Fred Shequine and Debbie of Kuhn Enterprises/Stat Construction.

At 10:30 AM, the bids for blacktopping were opened. All had non-collusion certificates. Four bids were received for the blacktopping:

Stat Construction:	\$69,404
Avello Brothers:	59,850
Clove Excavators:	61,400
Sun Up Ent:	60,675

Stat Construction complained that the spec drawing did not match the description of the written bid package. After making a site inspection, she called Kyle Southern and he told her how to bid the job, basing the numbers on the drawing. She asked if Kyle notified all the other bidders to bid the same way, she thinks he did not because of the lower level of all of their bids. She expressed to me that if she followed the written description of the bid package her bid would have been lower than theirs. She is prepared to challenge the results, FYI.

At 10:44 AM the bid for the garage doors was opened. One bid was received with a non-collusion certificate:

Dutchess Overhead Doors: \$24,100.

Respectfully,

Carol-Jean Mackin,
Town Clerk
