

**TOWN OF CLINTON  
PLANNING BOARD REPORT  
TOWN BOARD MEETING  
June 11, 2019**

**May 21, 2019 PB Meeting**

**Richard and Elizabeth Ruggiero** on property located at 546 Browning Road, **Tax Grid No. 6367-00-979175** which is in the Hamlet.

The applicants requested the following area variances for the front and rear decks that encroaches the setback.

Sec. 250 Attachment 2 (District Schedule of Area and Bulk Regulations) of the Town of Clinton Zoning Regulations:

- Front Deck – side yard setback reduction from 48' to 45'
- Rear Deck – side yard setback reduction from 48' to 47'
  
- This is a 2.23 acre lot in the Hamlet.
  
- The decks were constructed without a building permit in 1981.
  
- Received a positive recommendation to the Zoning Board of Appeals.

**Joseph and Diane Eramo** on property located at 586 Clinton Hollow Road, **Tax Grid No. 6462-00-124105** which is in the AR3 Zoning District.

The applicants request an area variance to Section 250 Attachment 2 (District Schedule of Area and Bulk Regulations) of the Town of Clinton Zoning Regulations for a side yard setback reduction from 50 feet to 25.7 feet in order to construct a 2-car attached garage to the north side of the house.

- This is a 2.4-acre nonconforming lot in the AR3 Zoning District.
  
- Applicant wishes to install a garage to park his cars that are on the property. It is notable that there is no garage on this property.
  
- The proposed garage will be attached to the house and will be located where the driveway is.
  
- Due to the lot size and narrow width of the lot, placement of the garage on either side will require an area variance.

- Received a positive recommendation to the Zoning Board of Appeals.

**Doniger Wetlands Permit (conclusion) - 221 Hollow Road, Tax Grid No. 6267-00-740492**

The applicant wishes to construct a driveway from Browns Pond Road and install an electric service that will access from Hollow Road that is within the 100-foot buffer of the wetlands per Sec. 250.78.

- This is a ±47.44-acre parcel in an AR5 Zoning District.
- The property owners are looking to construct a 4-bedroom house, septic field, and well on this property.
- About 540-foot section of the electric line will be located within 100 feet of the shore of Fiddler's Quarry that would entail excavation and construction in a "Controlled Area".
- The proposed driveway will be 12 feet wide and will follow an existing path from Browns Pond Road to the residence site.
- Driveway permit and DEC permits were already issued.
- The above project was reviewed and signed off by the Town Engineer.
- Negative Declaration was issued.

Requested Fresh Wetlands and Water Law Permit is granted.

TO: TOWN BOARD

FROM: Robert Marrapodi  
Zoning Administrator

**SUBJECT: May 2019 ZONING ADMINISTRATORS REPORT**

**REVIEW OF PERMITS**

The Zoning Administrator has reviewed Seven (16) building permits. These permits regarded types such as, Pool, Demolition, generators, and residential alterations.

**FALLKILL ROAD (Adolphsen)**

A second (2<sup>nd</sup>) court date pertaining to the prosecution of violations of the Town of Clinton Zoning Code was held on Thursday, April 4, 2019. The Judge gave the Defendant 120 days to remedy the violations on the property or we will be proceeding to trial on **August 1<sup>st</sup>**.

**DEER RIDGE DRIVE**

The property owner on Deer Ridge Drive that requested an interpretation, and subsequent reversal of the Zoning Administrators decision, regarding "hazardous Smoke odors" emitted from a neighbor's property had a second hearing before the Zoning Board of Appeals at the February meeting. The Zoning Board heard testimony on both sides of the controversy. The Zoning Board of Appeals meeting was adjourned and was continued at the May meeting. The Zoning Board closed the public hearing. A decision must be made by the board in 62 days of the closure of the public hearing.

**OLD ADRIANCE FARM**

The owner's representative Cummings Engineers submitted a sign application for review and site plan for a microbrewery, parking area for 40 cars, adding a new well & septic system. Adding a pavilion for farm equipment & event venues. The application was resubmitted and withdrawn.

**272 SCHULTZ HILL ROAD**

A complaint by Ann Gales of 263 Schultz Hill Road claims that the property owners across the street is running a wood cutting & splitting business on their land. I told Mr. Beahan to move all material and equipment from the front yard setback and make an effort to keep the operation as quiet as possible. No chain sawing. He agreed to my request and will attempt to speak with Ms. Gales to make amends. Ms. Gales refused to speak to the Beahan's. The Beahan's have agreed to erecting a fence as a visual & sound barrier and reduce the hours of activity and try to work when Ms. Gales is not home.

The current activity is limited to 3-4 hours per week.

#### 319 FIDDLERS BRIDGE ROAD

The tenant removed one unregistered vehicle to come into compliance with the Town code. The violation is resolved.

#### 92 DEER RIDGE DRIVE & 84 DEER RIDGE DRIVE

A complaint was submitted on 3/26/19 from Mrs. & Mr. Punchar regarding various zoning code violations on the properties of 92 Deer Ridge Drive. Progress has been made by the Bishop's in removing the violations.

#### 83 DEER RIDGE DRIVE

A complaint was submitted on 3/27/19 from Ms. Bishop regarding various zoning code violations on the property of 83 Deer Ridge Drive (Punchar).

The complaint stated that several accessory structures without permits/variances on the Punchar's property. In addition the complaint states that many animals are kept and caged on the premises and they are concerned about manure storage near a fresh water pond on the property and the burial of animals polluting the water to their well.

I contacted Kimberly Punchar to discuss the complaint violations and requested permission to visit her property. The request was denied. I sent her a copy of an open building permit for a pole barn built on the property in 1975. Mrs. Punchar replied in an email on 5/1/19 stated in short that her property is an operating farm and is exempt from the town zoning ordinance.

I referred the open building permit violation to the Building Inspector. The violation was removed; the original structure was an agricultural building and did not require a building permit.

We are awaiting proof from the Punchar's that they are in fact a farm.

#### 193 SHADBLOW LANE

A notice of violation was mailed to the property owner, Mrs. D'Attore on April 1, 2019. This property is in violation of town zoning pertaining to vehicles that are unregistered and not in operating condition. She was ordered to remedy the violation and bring the property into compliance. This violation is pending further follow up. I was giving the property owner 30 days before I revisited the violation. The Violation is still open.

#### 1076 HOLLOW ROAD

A complaint was called in regarding junk cars in the front yard. I visited the property on 5/16 and viewed 3 unregistered junk vehicles. A notice of violation was mailed to the property owner. They were given 30 days to remove the vehicles that are in violation.

#### 302 PUMPKIN LANE

A neighbor emailed in a compliant that stated that the horse farm across the road was storing manure in a dumpster located in the front yard setback. I visited the property to confirm violation, spoke to the owners of the farm and they agreed to move the dumpster to area away from the front of the property. The violation is open.

#### 68 NAYLOR ROAD

The Dutchess (Formerly Old Stone Farm) is advertising a "Secret Hotel and restaurant" business on their property. This business use is not permitted in the AR5 zoning district. The properties special use permit is for a Conference Center/Dude ranch only.

An email was sent on May 15<sup>th</sup>. To the owners of the property notifying them that they are not allowed to run a hotel/restaurant and must stop advertising as one.

I haven't received a response to my email and the advertising continues online and in local publications. A cease and desist order will be issued after consulting the Town attorney.

#### 7 LAUREN Lane

On May 26<sup>th</sup> a compliant was called in to the Town Supervisor. I was contacted to make a site inspection and investigate alleged illegal digging and trenching that redirected water drainage to the neighboring properties. A verbal stop work directive was issued to the owner/contractor until the town engineer was called for a review of the work.

On May 29<sup>th</sup> a meeting was held at the property with the owner, town engineer and the ZA. It was determined that the trench from the existing retainage pond to the north side of the property should be terminated. The concern was that the overflow would make its way on to Lauren Lane. The owner accepted the Town engineer's assessment and agreed to fill in the trenching and secondary retainage hole. As of this writing the remedial work is in progress.

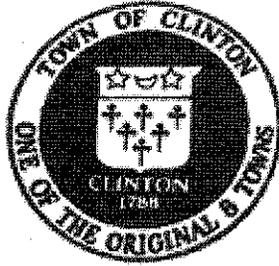

#### AREA VARIANCES

Area variances that have been applied for: Two (2) properties:

1. 546 Browning Road – It was determined by the ZBA that a variance was not needed.
2. 586 Clinton Hollow Road – Area variance was granted to Mr. Eramo. The variance was granted to construct an attached garage in the side yard setback.
