Consultant Review of Conceptual, Preliminary and Final Plat Applications -

Cost to Town

Application for subdivision approval may be referred by the Planning Board to its Town Engineer and/or private consultants for review. Such consultants may include an engineer, planning consultant or other specialist if necessary for the Board to make an informed decision. Expenses incurred by the Town for this purpose shall be fair and reasonable and shall be reimbursed to the Town by the applicant in the amount of the actual expense incurred. A minimum escrow account of \$1500 shall be established for this purpose at the time of preliminary plat application for any major subdivision. For an application for a commercial communication facility, the amount of escrow requested should be large enough so that requests for an applicant to add to the escrow account will be infrequent or unnecessary. Should the required escrow be depleted before final approval, the applicant will be advised that additional monies must be deposited before review will continue.

Performance/Maintenance Guarantees (Bonds, Deposits or Letters of Credit) - (Town Code §201)

These requirements shall be met in accordance with the procedure established by the Town's Zoning Law and the Town's Subdivision Regulations, The Town's Highway Laws, and applicable provisions of Town Law.

Payments in Lieu of Dedication of Recreational Land -

Lots and Dwellings - (Town Code §250-62(B)(11))

Payments to the Town's Capital Projects Fund Recreation account shall be computed at \$3500 per lot, excluding the original lot, or \$3500 per dwelling unit if more than one dwelling unit per lot (e.g. a cluster of similar development, each apartment or condominium in an apartment building, or each dwelling unit in a town house complex.). In accordance with the Town's Subdivision Regulation, land may be dedicated for park purposes if it is determined by the Planning board, with approval of the Town Board, that such dedication is desirable.
