NOTICE

Permit Needed for Construction Activities

If your construction operations result in the soil disturbance of 1 acre or greater, the stormwater runoff from your site must be covered by a State Pollutant Discharge Elimination System (SPDES) Permit for Stormwater Discharges from Construction Activities issued by the New York State Department of Environmental Conservation (NYSDEC).

To facilitate your compliance with the new regulations, NYSDEC has issued a General Permit (GP-02-01) which may be applicable to your project. To obtain coverage under this General Permit, you need to prepare a Stormwater Pollution Prevention Plan and then file a Notice of Intent (NOI) to the NYSDEC Headquarters in Albany. The NOI form is available on the DEC Website (www.dec.state.ny.us/website/dow/PhaseII.html) in the stormwater section. You may also obtain a copy of the NOI at the NYSDEC Regional Offices.

When you file your NOI you are certifying that you have developed a Stormwater Pollution Prevention Plan (SWPPP) and that it will be implemented prior to commencing construction activities. When you submit the NOI you need to indicate if your SWPPP is in conformance with published NYSDEC criteria; if it is, your coverage can be effective in as little as five business days. If your SWPPP does not conform to the DEC criteria or your site is within a State-listed TMDL or 303(d) watershed, coverage will not be available for at least 60 business days and construction cannot begin until such time. An instruction manual for preparing the NOI and SWPPP is available on the DEC website (www.dec.state.ny.us/website/dow/toolbox/swguid.html).

Failure to have the required Permit and SWPPP can result in legal actions which include Stop Work Orders and/or monetary penalties of up to \$37,500/day.

If your construction operations are already in progress and you are not covered by an appropriate NYSDEC Permit contact the NYSDEC Regional Office as soon as possible for assistance. If your construction field operations have not yet commenced, review the NOI and the General Permit information on the DEC Website or at the DEC Regional Office. When you have completed the SWPPP and can comply with the requirements then submit your NOI to Albany.

This requirement does not replace any local municipal planning or zoning requirements. Developers and Contractors are encouraged to contact local Code Enforcement Officers as well.

For further information or requests for assistance contact the NYSDEC Region 7 Division of Water at (315) 426-7500.

STATE OF NEW YORK
WORKERS' COMPENSATION BOARD

ALBANY, NY 12241

ZACHARY S. WEISS
CHAIR

October 27, 2008

Dear Government Official:

Workers' compensation law (WCL) requires the heads of all municipal and state entities to ensure that businesses applying for permits, licenses, or contracts have appropriate workers' compensation and disability benefits insurance coverage. This requirement applies to both original issuances and renewals, whether the governmental agency is having the work done or is simply issuing the permit, license or contract.

An instruction manual that will further clarify the requirements, including instructions for a new CE-200 exemption form that becomes effective on Dec. 1, 2008, is available to download at the Workers' Compensation Board's website, www.wcb.state.ny.us. Once you are on the website, click on *Employers/Businesses*, then *Business Permits/Licenses/Contracts*; from there, click on *Instruction Manual for Businesses Obtaining Permits/Licenses/Contracts*.

Government officials without access to the web may call (518) 486-6307 to have a copy of this instruction manual mailed to them. I encourage you to obtain one for your records.

Also included in the instruction manual is a copy of General Municipal Law Section 125 that requires all applicants to provide proof of workers' compensation compliance when applying for a Building Permit.

Ensuring that businesses receiving permits, licenses or contracts from municipal and state agencies comply with the WCL protects both injured workers and employers. In addition, such oversight helps to level the playing field, by strictly enforcing the requirement that all businesses maintain mandatory insurance coverage. Municipal and state agency cooperation is a critical component of encouraging business compliance.

Please note that ACORD forms are NOT acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Form WC/DB-100 Will Be Retired

Form WC/DB-100, currently used to demonstrate exemption from workers' compensation and/or disability benefits insurance, will be retired on Dec. 1, 2008. Accordingly, a WC/DB-100 stamped prior to Dec. 1, 2008 cannot be used as proof of exemption for new or renewed permits, licenses or contracts issued by government agencies after that date. Instead, Form CE-200, which replaces Form WC/DB-100, must be used for applicants seeking exemptions starting on Dec. 1, 2008.

New Form CE-200

Form CE-200 reflects a new process for granting exemptions from workers' compensation and disability benefits insurance coverage requirements. Historically, the WC/DB-100 exemption forms were valid for multiple permits, licenses or contracts where the applicant applied, had to be notarized, and had to be stamped by the New York State Workers' Compensation Board.

Effective Dec. 1, 2008, this process will change. **Exemptions** will no longer be valid for multiple permits, licenses or contracts for which the applicant applied. Further, exemptions no longer have to be notarized, nor do they have to be stamped by the NYS Workers' Compensation Board. (Government agencies may continue to use insurance and self-insurance certificates for multiple permits, licenses or contracts issued to a specific legal entity during the coverage period listed on insurance/self-insurance related certificates).

Starting Dec. 1, 2008, only applicants eligible for exemptions must file a new CE-200 for each and every new or renewed permit, license or contract issued by a government agency. Each CE-200 will specifically list the issuing government agency and the specific type of permit, license or contract requested by the applicant. Applicants for building permits will also need to supply additional information including identifying the specific job location and the estimated cost of the project.

Please ensure that Form CE-200 is signed and dated by the applicant. Each CE-200 will have a certificate number printed on it. You can verify if the CE-200 provided to you by the applicant was actually issued by the Workers' Compensation Board by checking on the Board's website.

The majority of these forms will be processed electronically. Applicants will be able to fill out the CE-200 on-line and upon completion, print out a copy of the CE-200 that they will then submit. Computers with internet access are available for CE-200 electronic application processing at Customer Service Centers located in Workers' Compensation Board District Offices across the state. Applicants without access to a computer may obtain a paper application by writing or visiting any Workers' Compensation Board district office.

Please see page 12 of the instruction manual for a description of the process related to the CE-200. A sample copy of the new Form CE-200 is enclosed.

Other Important Highlights

Form BP-1 is the only form that municipal and state agencies may now reproduce themselves and distribute as part of this process. The instruction manual will identify where applicants may obtain the other forms used to enforce these sections of the Workers' Compensation Law. Please ensure that the legal entity name and the Federal Employer Identification Number (FEIN) on certificates of insurance, self-insurance, or attestation for exemption exactly matches the legal entity name and FEIN of the applicant applying for the permit, license or contract that you are issuing.

Please notify the permit-issuing, license-issuing and contract-making agencies or departments within your jurisdiction of these requirements so that they may comply with the Workers' Compensation Law. If you have any questions or require additional information, please call Steve Carbone of the NYS Workers' Compensation Board, Bureau of Compliance at (518) 486-6307.

Thank you for your continued support of the Board.

Sincerely,

Zachary Weiss
Chair

LAWS OF NEW YORK, 1998
CHAPTER 439

The general municipal law is amended by adding a new section 125 to read as follows:

125. ISSUANCE OF BUILDING PERMITS. NO CITY, TOWN OR VILLAGE SHALL ISSUE A BUILDING PERMIT WITHOUT OBTAINING FROM THE PERMIT APPLICANT EITHER:

1. PROOF DULY SUBSCRIBED THAT WORKERS' COMPENSATION INSURANCE AND DISABILITY BENEFITS COVERAGE ISSUED BY AN INSURANCE CARRIER IN A FORM SATISFACTORY TO THE CHAIR OF THE WORKERS' COMPENSATION BOARD AS PROVIDED FOR IN SECTION FIFTY-SEVEN OF THE WORKERS' COMPENSATION LAW IS EFFECTIVE; OR

2. AN AFFIDAVIT THAT SUCH PERMIT APPLICANT HAS NOT ENGAGED AN EMPLOYER OR ANY EMPLOYEES AS THOSE TERMS ARE DEFINED IN SECTION TWO OF THE WORKERS' COMPENSATION LAW TO PERFORM WORK RELATING TO SUCH BUILDING PERMIT.

Implementing Section 125 of the General Municipal Law

1. General Contractors -- Business Owners and Certain Homeowners

For businesses and certain homeowners listed as the general contractors on building permits, proof that they are in compliance with Section 57 of the Workers' Compensation Law (WCL) is ONE of the following forms that indicate that they are:

- ◆ insured (C-105.2 or U-26.3),
- ◆ self-insured (SI-12), or
- ◆ are exempt (CE-200),

under the mandatory coverage provisions of the WCL. Any residence that is not a **1, 2, 3 or 4 Family, Owner-occupied Residence** is considered a business (income or potential income property) and must prove compliance by filing one of the above forms.

2. Owner-occupied Residences

For homeowners of a **1, 2, 3 or 4 Family, Owner-occupied Residence**, proof of their exemption from the mandatory coverage provisions of the Workers' Compensation Law when applying for a building permit is to file form BP-1.

- ◆ Form BP-1 shall be filed if the homeowner of a **1, 2, 3 or 4 Family, Owner-occupied Residence** is listed as the general contractor on the building permit, and the homeowner:
 - ◇ is performing all the work for which the building permit was issued him/herself,
 - ◇ is not hiring, paying or compensating in any way, the individual(s) that is(are) performing all the work for which the building permit was issued or helping the homeowner perform such work, or
 - ◇ has a homeowner's insurance policy that is currently in effect and covers the property for which the building permit was issued AND the homeowner is hiring or paying individuals a total of less than 40 hours per week (aggregate hours for all paid individuals on the jobsite) for the work for which the building permit was issued.
- ◆ If the homeowner of a **1, 2, 3 or 4 Family, Owner-occupied Residence** is hiring or paying individuals a total of **40 hours or MORE** in any week (aggregate hours for all paid individuals on the jobsite) for the work for which the building permit was issued, then the homeowner may not file the "Affidavit of Exemption" form, BP-1(11/04), but shall either:
 - ◇ acquire appropriate workers' compensation coverage and provide appropriate proof of that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit (the C-105.2 or U-26.3 form), OR
 - ◇ have the general contractor, (performing the work on the 1, 2, 3 or 4 family, **owner-occupied** residence (including condominiums) listed on the building permit) provide appropriate proof of workers' compensation coverage, or proof of exemption from that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit.
