**VARIANCE APPLICATION:**

**Oyen and Ulstad Variance** – property owned by **Ola Ustad and Margaret A. Oyen** located at 12 Fourth Ave, **tax grid number 132400-6469-10-284628-0000** in the C zone.

The applicants are seeking the following area variances to build an addition to an existing house to house an elderly relative.

Sec. 250 Attachment 2 of the Zoning Regulations

- Side yard setback reduction – 50’ to 8’
- Side yard setback reduction - 50’ to 21.5’
- Front yard setback reduction – 100’ to 40’
- Building Coverage from 7% total of 275 sq feet to 1,118 square feet.

Margaret Oyen appeared for the above application. She explained that this is a pre-existing nonconforming property in a C Zoning district. She indicated the history about the next door neighbor’s property that she bought from the Dutchess County Tax Auction. She originally bought the property next to her to house her mother. Due to the pending outcome of the legal proceedings against the County and the neighbor, Ms. Oyen stated that she needs to build an addition to her house to house her mother. She underscored that the pending litigation about the purchase of next door neighbor’s property to house her mother triggers the construction of an addition to her house that requires variances due to the small size of her lot.

Ms. Oyen explained the details of her proposal. She wishes to build a 15’ x 20’ and 5’ x 7’ addition to her existing house. She noted that the total number of bedroom in this house will remain unchanged. She noted that the proposed addition might not even happen if she gets the ruling from the court granting her rights and possession of the

Chairman DePasqua asked for questions and comments from the board.

Mr. Dolan indicated that he doesn't have any problem with the application. This is common in the area.

Chairman DePasqua asked the applicant if there is any intention of adding a bathroom. Ms. Campbell noted that the Board of Health approval requirement depends on the number of bedrooms and not the number of bathrooms. The size of the septic depends on the number of bedrooms. Ms. Oyen affirmed that she is not adding a bedroom to her house.

The board passed a resolution.

Mr. Dolan motioned the following resolution, to wit:

**BE IT RESOLVED**, that the Planning Board is making a positive recommendation for approval to the Town of Clinton Zoning Board of appeals on the requested 4 area variances to Section 250-Attachment 2 to build an addition to the primary single family dwelling in order to house an elderly relative. The property, owned by **Ola Ustad and Margaret A. Oyen** is located at 12 Fourth Ave, **tax grid number 132400-6469-10-284628-0000** in the C zone.

**WHEREAS;**

1. The applicant wishes to build an addition with variances requiring a max. bldg. Coverage of 7% for a total 275 sqft to 1,118 sqft; two side yard setbacks from 50', one to 8' and the other to 21.5'; and a front yard setback from 100' to 40'.
2. The original plan for housing the relative was to purchase the adjacent dwelling but that has been tied up in litigation making the planned addition a necessity.
3. This is a .09 acre parcel located in the C zone...
4. The lot is not in an Ag District.
5. It is noted that an area variance is a Type II action under SEQRA and requires no further action.
6. The site does not contain Federal wetlands.
7. An undesirable change will not be produced in the character of the neighborhood or be a detriment to nearby properties.
8. The requested variance is substantial.
9. There will be no potential adverse effect or impact on the physical or environmental condition in the neighborhood as all the lots in the Silver lake community are noncompliant and the homes are small.
10. The alleged difficulty is self-created.
11. The application fee has been paid.
12. Per the Zoning Enforcement Officer, that are no known violations associated with this property
