Clinton Supervisor Ray Oberly: Out of the printer like.

36

00:04:26.670 --> 00:04:28.620

Clinton Supervisor Ray Oberly: hello, I don't have any comment just.

37

00:04:29.850 --> 00:04:42.810

Clinton Supervisor Ray Oberly: Put a reminder that the dtc then you'll burn ban is in effect from Tuesday march 16 to Friday may 14 this means you cannot have any outside open fires in order to reduce the incidence.

38

00:04:43.410 --> 00:04:59.130

Clinton Supervisor Ray Oberly: of grass and brush fires, if a grass fire occurs to me they call 911 to report it, so the fire department can quickly extinguish it and minimize property damage there recently have been numerous grass fires in the area.

39

00:05:00.060 --> 00:05:07.530

Clinton Supervisor Ray Oberly: or reminder the fedoras bridge bridge near the intersection along pond road by West Clinton station to firehouse.

40

00:05:08.160 --> 00:05:25.530

Clinton Supervisor Ray Oberly: will be close to all traffic from June 1 through October 15 2021 while the bridge is being replaced the town web page www.petland.com as the latest information on covert and that time.

41

00:05:26.580 --> 00:05:35.700

Clinton Supervisor Ray Oberly: For the year, with all that detail so those my college, the first item of business thing on the road is the schedule.

42

00:05:38.400 --> 00:05:42.750

Dean Michael: So I wasn't going to put it on for this month, but anyway.

43

00:05:43.890 --> 00:05:51.120

Dean Michael: Because i'm still working on some i'll send out the fee schedule that I have, and you guys can kind of preview preview it.

44

00:05:51.960 --> 00:06:04.350

Dean Michael: But i'm also working with shane on violations so we'll come in with a whole package of the fee schedule and the violations all at once, and so we'll have enough for next month.

45

00:06:05.460 --> 00:06:09.600

Michael Whitton, Councilmember: Can I can I also float an idea for the fee schedule for the cemeteries.

46

00:06:11.070 --> 00:06:23.640

Michael Whitton, Councilmember: Elliot and I were discussing the the cemetery schedule right now the fee schedule, we have adult burials children burials and cremation burials and there's separate prices for weekday Saturday and then some days and holidays.

47

00:06:24.960 --> 00:06:35.520

Michael Whitton, Councilmember: And we just took that from what was previously done, you know we'd never run a cemetery before but it kind of seems to us that those three prices don't really seem necessary because.

48

00:06:36.210 --> 00:06:44.820

Michael Whitton, Councilmember: If a burial is on a Saturday or Sunday or holiday it's no extra work for the town whatsoever it's extra work for coal rapidly, and they have different prices but it's no extra work for the town.

49

00:06:45.240 --> 00:07:03.870

Michael Whitton, Councilmember: So Elliot went through and looked if we just had one price the regular weekday price for everything over the last two years, it would have been about \$900 less in revenue which isn't a ton but it's not nothing so I just was wanted to float the idea to see if you guys were up for.

50

00:07:05.220 --> 00:07:11.340

Michael Whitton, Councilmember: I don't know just making it just one price for all three of them, and maybe we can bring the weekday price up a little so that it's somewhere in between them all.

51

00:07:14.040 --> 00:07:18.210

Michael Whitton, Councilmember: Because it seems like we're punishing people for not doing any and we're not doing any extra work.

52

00:07:19.590 --> 00:07:28.920

Dean Michael: yeah I mean I opinion is sure I mean for net donation any extra work, you know raise that weekly up a couple of bucks and just keep it as simple as possible.

53

00:07:29.340 --> 00:07:31.800

Chris Juliano Council Person: Okay yeah i'm fine with that as well.

54

00:07:32.280 --> 00:07:36.570

Michael Whitton, Councilmember: Alright, so i'll come i'll send you an email Dean, so we can incorporate it all into whatever you send out.

55

00:07:36.840 --> 00:07:53.400

Town Clerk Carol Mackin: Okay, so send everything to me because I have the spreadsheet so I have the master spreadsheet Dean, if that works for you and i'll just incorporate your changes for the construction that Arlene and the building inspector forwarded.

56

00:07:54.180 --> 00:07:55.260

Dean Michael: Your well.

57

00:07:55.530 --> 00:07:58.980

Dean Michael: It was really john and Arlene and then Mike just kind of.

58

00:07:59.190 --> 00:08:00.420

Dean Michael: proved it and approve.

59

00:08:01.500 --> 00:08:08.070

Town Clerk Carol Mackin: um because i've been working with them on the spreadsheet so we were we want it laid out and so forth, so if that's okay with you.

60

00:08:08.130 --> 00:08:08.580

Dean Michael: Absolutely.

61

00:08:08.820 --> 00:08:10.770

Town Clerk Carol Mackin: Give me a loop okay that's all.

62

00:08:12.600 --> 00:08:17.910

TOC - Tech Support: that's it from him, I noticed that Elliott, is in a waiting room did he was he's personally.

63

00:08:18.630 --> 00:08:23.970

Town Clerk Carol Mackin: I just texted him to know public participation, to go to the website to view.

64

00:08:24.360 --> 00:08:26.040

Town Clerk Carol Mackin: Okay, thanks.

65

00:08:29.280 --> 00:08:30.420

Clinton Supervisor Ray Oberly: hey we don't want all.

66

00:08:32.070 --> 00:08:35.460

Clinton Supervisor Ray Oberly: conference Center local or being you got some discussion.

67

00:08:36.570 --> 00:08:36.900

Nancy: yeah.

68

00:08:37.620 --> 00:08:47.190

Dean Michael: Well, we all have a copy of the local law in the packet So is there any comments on it, if not, you know my suggestion is that we go to a public hearing for next month.

69

00:08:48.570 --> 00:08:49.530

Chris Juliano Council Person: sounds good to me.

70

00:08:50.220 --> 00:08:51.840

Town Clerk Carol Mackin: Okay, you have to make a motion.

71

00:08:52.140 --> 00:08:53.850

Dean Michael: To do that i'm just looking for comments.

72

00:08:54.090 --> 00:08:54.660

Town Clerk Carol Mackin: Okay boy.

73

00:08:55.860 --> 00:08:58.200

Chris Juliano Council Person: I mean what I seen it looks pretty good so.

74

00:08:59.100 --> 00:09:04.290

Michael Whitton, Councilmember: No, the only issue, I had, and I know it matches the ag event law.

75

00:09:05.520 --> 00:09:09.240

Michael Whitton, Councilmember: My issue was what the minimum 10 acres.

76

00:09:11.610 --> 00:09:21.750

Michael Whitton, Councilmember: Where the ag event law that makes sense because it's not like they're building a you know, a giant you know, building on their property it's those events are based on agriculture, their farm their farm lots.

77

00:09:22.770 --> 00:09:39.120

Michael Whitton, Councilmember: But a conference Center on 10 acres and there's no restriction on whether it's a you know state or county or a local road, I mean that means we could have a whole bunch of properties in town that are eligible to put up a conference Center and it concerns me.

78

00:09:39.960 --> 00:09:42.810

Chris Juliano Council Person: So, so what would you suggest, as far as that goes.

79

00:09:42.840 --> 00:09:51.510

Michael Whitton, Councilmember: But I think in that when this was originally put in the zoning revision, it was a 25 acre Meta moment, so that that was what I thought we'd see what this and I would feel more comfortable with.

80

00:09:51.960 --> 00:09:59.910

Dean Michael: yeah i'm fine with keeping it at 25 acres that's that I think shane was just trying to you know coordinate the two.

81

00:10:00.030 --> 00:10:03.090

Dean Michael: The two one and we only have one conference Center so.

82

00:10:03.300 --> 00:10:09.150

Dean Michael: The 25 acres would not that one out so and I a little bit more concerned.

83

00:10:10.170 --> 00:10:16.440

Dean Michael: I mean, even the farm one we wanted it more, but it was the ag markets that was giving us the pushback, I think, with the conference Center.

84

00:10:16.710 --> 00:10:27.090

Dean Michael: We can certainly make it more without any pushback and I, and I would be more inclined to do that, for the fact that the conference centers are bringing in you know mass traffic, you know.

85

00:10:27.150 --> 00:10:27.690

Michael Whitton, Councilmember: yeah I mean.

86

00:10:28.110 --> 00:10:35.610

Michael Whitton, Councilmember: I was just trying to think of where I live in like i'm pumpkin lane I could name 15 lots that are more than 10 acre so I got a little worried they're.

87

00:10:37.710 --> 00:10:39.420

Michael Whitton, Councilmember: All right, so yeah i'd say 25 at least.

88

00:10:39.690 --> 00:10:41.340

Dean Michael: So is everybody fine with 25.

89

00:10:42.270 --> 00:10:44.850

Dean Michael: yeah I have no problem with 25 changed.

90

00:10:45.000 --> 00:10:45.810

To 25.

91

00:10:47.100 --> 00:10:59.790

Dean Michael: Will research relate the information so that Carol can put it out on the web and with that I make emotion be resolved the town board approves are are are approved the.

92

00:11:02.490 --> 00:11:03.960

Town Clerk Carol Mackin: Following resolution.

93

00:11:04.350 --> 00:11:13.140

Dean Michael: Following resolution that we have hold an open a public hearing on the matter of the conference Center law.

94

00:11:15.660 --> 00:11:19.830

Dean Michael: On may 11 and do we want to make it six or 615.

95

00:11:22.110 --> 00:11:22.590

Chris Juliano Council Person: it's fine.

96

00:11:22.920 --> 00:11:23.310

Michael Whitton, Councilmember: You don't want.

97

00:11:23.640 --> 00:11:24.570

Dean Michael: You think we can have a lot of.

98

00:11:24.660 --> 00:11:26.010

Dean Michael: Other yes.

99

00:11:29.040 --> 00:11:29.760

Dean Michael: Is there a second.

100

00:11:29.850 --> 00:11:30.960

Chris Juliano Council Person: Giuliano second.

101

00:11:32.730 --> 00:11:33.630

Dean Michael: Any discussion.

102

00:11:33.690 --> 00:11:38.760

Clinton Supervisor Ray Oberly: They will do a roll call vote overly I pointing him.

103

00:11:38.970 --> 00:11:39.360

I.

104

00:11:40.500 --> 00:11:41.520

Clinton Supervisor Ray Oberly: don't know.

105

00:11:41.970 --> 00:11:43.530

Clinton Supervisor Ray Oberly: I think, Michael.

106

00:11:45.030 --> 00:11:45.600

Clinton Supervisor Ray Oberly: Witten.

107

00:11:46.050 --> 00:11:47.910

110

00:11:58.530 --> 00:12:10.470

Michael Whitton, Councilmember: I got comments for most of you and I incorporated as much as I could, I think we came to a pretty good policy um if anyone has any comments on otherwise I think the most in the passage.

111

00:12:12.030 --> 00:12:12.690

Chris Juliano Council Person: It looks good.

112

00:12:14.910 --> 00:12:17.730

Michael Whitton, Councilmember: Let me make the motion that we can have discussion, I guess, I make the motion.

Chris Juliano Council Person: Some people weren't happy about the being I tried to explain to them, the reason you know why it said this way and then that the.

142

00:14:32.370 --> 00:14:45.360

Chris Juliano Council Person: The new part of the plan that they can have an opt in on another part of it, but there has been some not people totally against it, they just don't like the fact of having an opt out, I just wanted to mention that.

143

00:14:45.600 --> 00:14:57.300

Michael Whitton, Councilmember: And I, and I found out to that because they opted out last time and now they're going to have to opt out again, but if they call central Hudson and opt out, and then ask them to put a freeze on their account they'll never be automatically opted in again.

144

00:14:57.840 --> 00:14:58.380

Michael Whitton, Councilmember: Oh, really.

145

00:14:58.500 --> 00:14:59.550

Michael Whitton, Councilmember: yeah so you have to.

146

00:14:59.640 --> 00:15:03.030

Michael Whitton, Councilmember: Ask central Hudson to put a freeze on the account, and then it won't be a problem.

147

00:15:03.510 --> 00:15:08.430

Chris Juliano Council Person: Okay, all right that, then I can let them know get in touch with the few people that contacted me.

Nancy: The county and the State, so we will the parks that are currently open for summer activities.

188

00:18:24.690 --> 00:18:42.990

Nancy: We are going to also have the summer camp, this year we have made some changes than that we're going to have smaller groups of children that way, the exposure is less for everyone and their camps will be K through grade five.

189

00:18:44.010 --> 00:18:44.580

Nancy: So.

190

00:18:46.020 --> 00:19:02.610

Nancy: All of the information for registration is on the website so with that, I would like to make emotion that the town board approve this volume resolutions, be it resolved that the town board approved holding summer camp.

191

00:19:04.950 --> 00:19:13.470

Nancy: friend mark Arc daily Monday through Friday 9am to 4pm with a minimum of nine children per week.

194

00:19:49.470 --> 00:19:51.600

Chris Juliano Council Person: Second Juliana second.

195

00:19:52.110 --> 00:19:53.490

Clinton Supervisor Ray Oberly: Any further discussion.

196

00:19:53.760 --> 00:19:55.860

Chris Juliano Council Person: I just want to you.

197

00:19:57.060 --> 00:20:01.650

Chris Juliano Council Person: Nancy said, a minimum of nine children is that supposed to be a minimum or maximum.

198

00:20:02.070 --> 00:20:19.410

Nancy: Maximum well we're not saying no i'm sorry it's a map it's not a maximum either we will take as many children as they register what we're going to do is put a minimum of nine children each program we may end up having dual progress.

199

00:20:19.440 --> 00:20:20.250

Chris Juliano Council Person: gotcha okay.

200

00:20:20.460 --> 00:20:29.220

Nancy: Okay, if we get it 15 kids we're going to have two sessions, separate from each other to keep smaller groups in tax.

201

00:20:29.880 --> 00:20:36.870

Michael Whitton, Councilmember: Okay okay My other question is that's \$100 or \$185 per week correct yeah yeah.

202

00:20:36.930 --> 00:20:37.200

yeah.

203

00:20:38.310 --> 00:20:38.670

Nancy: Okay.

204

00:20:39.840 --> 00:20:41.460

Clinton Supervisor Ray Oberly: just making sure okay well.

205

00:20:41.820 --> 00:20:42.660

Michael Whitton, Councilmember: that's great deal.

206

00:20:46.440 --> 00:20:49.350

Clinton Supervisor Ray Oberly: roll call vote openai Tony him.

207

00:20:49.500 --> 00:20:51.660

Clinton Supervisor Ray Oberly: And you know.

208

00:20:51.900 --> 00:20:53.550

Clinton Supervisor Ray Oberly: I in my goal.

209

00:20:54.930 --> 00:20:55.590

Clinton Supervisor Ray Oberly: When.

210

00:20:55.890 --> 00:20:57.840

Clinton Supervisor Ray Oberly: I motion carrying.

211

00:20:58.950 --> 00:21:14.280

Clinton Supervisor Ray Oberly: OK, we have approval retire report that we just finished completing make a motion to approve the following resolution, be it resolved that the town board approves resolution number 25 2021.

212

00:21:14.790 --> 00:21:28.650

Clinton Supervisor Ray Oberly: reporting the standard work day and reporting resolution for appointed and elected officials, is there a second you Michael second okay it's really elected officials.

213

00:21:29.730 --> 00:21:39.240

Clinton Supervisor Ray Oberly: And appointed officials or employees, which are salary so it's not every person in the area.

214

00:21:40.800 --> 00:21:46.650

Clinton Supervisor Ray Oberly: roll call vote overly I planning him Giuliano.

215

00:21:46.920 --> 00:21:48.780

Clinton Supervisor Ray Oberly: I being Michael.

216

00:21:50.340 --> 00:21:51.030

Clinton Supervisor Ray Oberly: What can.

217

00:21:51.330 --> 00:21:56.610

Clinton Supervisor Ray Oberly: I motion carried Okay, an excellent is Tom why.

218

00:21:58.890 --> 00:21:59.820

Clinton Supervisor Ray Oberly: reassessment.

219

00:22:00.990 --> 00:22:09.180

Clinton Supervisor Ray Oberly: going to read the background here you essentially I sent you all the stuff for an email previously, but the Community hasn't heard.

220

00:22:09.930 --> 00:22:15.030

Clinton Supervisor Ray Oberly: The town is currently at 100% equalization rate for property assessment.

221

00:22:15.660 --> 00:22:27.900

Clinton Supervisor Ray Oberly: With the many sales of high values occurring today the equalization rate will drop the Court according to the assessor since assessments will probably increase on average 8%.

222

00:22:28.380 --> 00:22:45.150

Clinton Supervisor Ray Oberly: In 2021 an increase another 15 and 2022 without a new data collection timeline the assessor is not confident of a number so she thinks the town wide revaluation is now necessary.

223

00:22:45.960 --> 00:23:05.670

Clinton Supervisor Ray Oberly: Without a full revaluation she's going to have to abandon 100% full evaluation values in 2022 and let the equalization rate for to an estimated 85% and that primarily affects us in school taxes okay.

224

00:23:07.980 --> 00:23:14.430

Clinton Supervisor Ray Oberly: The town has done town wide reassessment in the past is in town staff at a reasonable cost that it will.

225

00:23:14.460 --> 00:23:35.400

Clinton Supervisor Ray Oberly: Take two years to do first years to collect the data and all properties and during the second year inputted into the RPS files that's the assessment files, the cost for us to do, it would be about \$160,000 that's just a quick after my on my part depends on how it's being done.

226

00:23:36.510 --> 00:23:50.070

Clinton Supervisor Ray Oberly: For our two years of extra cost, it can also be done with a commercial firm and probably costing between 250 and \$500,000 depending on how the contract is negotiated.

227

00:23:51.270 --> 00:23:56.340

Clinton Supervisor Ray Oberly: It will be a new item in the 2022 budget this august depending.

228

00:23:56.730 --> 00:24:09.030

Clinton Supervisor Ray Oberly: On the town board wishes to proceed, I request the town board member be appointed by the may 11 town board meeting, who will be involved in the process for the two years.

229

00:24:09.420 --> 00:24:26.700

Clinton Supervisor Ray Oberly: And she'd be the one owning the process and financing without a plan and finance numbers for the budget by early August 2021 a time wide revaluation will not be included in the 2022 budget because I won't have any numbers.

230

00:24:27.990 --> 00:24:33.480

Clinton Supervisor Ray Oberly: So I just put this out, I told you, we were going to talk about it.

231

00:24:35.490 --> 00:24:43.020

Clinton Supervisor Ray Oberly: I will be here, so I courage one of you others to step up to doing it because.

232

00:24:44.100 --> 00:24:55.860

Clinton Supervisor Ray Oberly: you're going to be in process to do it this year it's just nothing more than numbers into the budget, but the reality of doing it will be in 22 and 23.

233

00:24:57.450 --> 00:25:03.120

Clinton Supervisor Ray Oberly: Well, any comments, yes, no you don't want it, nobody wanted it.

234

00:25:03.450 --> 00:25:06.180

Dean Michael: yeah Charlie mixed feeling on on my part, I.

235

00:25:07.410 --> 00:25:08.790

Dean Michael: I got the sun come through window now.

236

00:25:09.930 --> 00:25:11.520

Dean Michael: And the.

237

00:25:12.630 --> 00:25:20.760

Dean Michael: You know, high park is not at 100% and many people that are in I park school district are severely.

238

00:25:21.480 --> 00:25:34.560

Dean Michael: dinged because we're at 100% and high park is totally off from their numbers, so that anybody that's living in high park in my upper school district pays, it seems like less for the same property.

239

00:25:35.160 --> 00:25:50.370

Dean Michael: So for us continually keeping us ourselves at 100% you know I you know I just kind of like I said I have mixed feelings on it for that reason and and high park school districts is probably at least a third of the town.

240

00:25:51.840 --> 00:25:54.630

Dean Michael: is a major part of the town school district.

241

00:25:57.990 --> 00:26:05.730

Chris Juliano Council Person: I i'm with Dean on that one that's been a issue with anyone who's been in the Hyde Park district as well.

242

00:26:08.940 --> 00:26:18.360

Clinton Supervisor Ray Oberly: Nobody else we don't have to make a decision tonight i'm just bringing it up so that may we can move forward and have some.

243

00:26:18.900 --> 00:26:20.610

Clinton Supervisor Ray Oberly: I just know.

244

00:26:21.000 --> 00:26:31.470

Michael Whitton, Councilmember: I think that it as Dean said, it seems that they're getting dinged, but if you look at the equalization rate that they use in Hyde Park, and like how much you get charged for every thousand.

245

00:26:31.800 --> 00:26:36.000

Dean Michael: dollars oh yeah, the reality is that the equalization rates supposed to fix everything but.

246

00:26:36.090 --> 00:26:36.840

Chris Juliano Council Person: But it doesn't.

247

00:26:37.770 --> 00:26:40.740

Dean Michael: But it hasn't because they're not really truly appraised rate.

248

00:26:41.460 --> 00:26:42.420

Dean Michael: And accessory.

249

00:26:44.370 --> 00:26:50.670

Michael Whitton, Councilmember: I think my feeling on that is that if Hyde Park isn't assessed right our solution shouldn't be that we don't assess right.

250

00:26:51.840 --> 00:26:54.750

Michael Whitton, Councilmember: Like I think we should continue to do what's right.

251

00:26:56.430 --> 00:27:00.030

Michael Whitton, Councilmember: Along with Ryan back end mill broken pine plains, who are also doing.

252

00:27:00.360 --> 00:27:04.110

Dean Michael: 100% we've been at 100% for over 10 years now, so.

253

00:27:04.170 --> 00:27:12.960

Michael Whitton, Councilmember: yeah and and and I think that's the I think Hyde Park, is in the wrong so letting our putting our slip down below 100 because they're wrong.

254

00:27:13.890 --> 00:27:21.600

Chris Juliano Council Person: I don't think so yeah, but it may, it may, it may get them that might be our leverage to get them to go, you know, work towards getting this backup but it's a discussion.

255

00:27:21.690 --> 00:27:23.850

Dean Michael: There waiting for a grant to pay for it.

256

00:27:24.360 --> 00:27:33.450

Chris Juliano Council Person: yeah and let me, let me ask just to you know that 160,000 we got a budget for that you know if we we spend 150,000 or we go with an outside.

257

00:27:35.520 --> 00:27:39.600

Chris Juliano Council Person: service as Ray said was what was at 200,000 to 250 so.

258

00:27:39.690 --> 00:28:01.410

Clinton Supervisor Ray Oberly: it's a quarter million to a half million depends on the higher write the contract they're all different ways, but like double doing it in house, but there is effort in house lot of planning and training stuff I mean it's not trivial not like finding the lifeguard, for example, yeah sure.

259

00:28:02.520 --> 00:28:11.490

Clinton Supervisor Ray Oberly: But you know Hyde Park, has it inequities between houses depending on when they were assessed.

260

00:28:12.030 --> 00:28:24.780

Clinton Supervisor Ray Oberly: Whether it was in the peak value of properties or in a valley of property so they're all over the place that's why, when you try to compare between clip and for a similar will say ranch.

261

00:28:25.350 --> 00:28:38.430

Clinton Supervisor Ray Oberly: Or you can find in the same subdivision 100,000 \$200,000 difference in assessment on them, because it just the year and the values of the economy or the value of the houses.

262

00:28:40.200 --> 00:28:46.470

Dean Michael: You know the in the past, what we had been doing and I thought we were still doing it was that we were taking.

263

00:28:48.120 --> 00:29:04.530

Dean Michael: A fifth of all the properties or fourth of all the properties every year and an updating the evaluation, so that after four or five years everything's been brought up 200% and that's why we've been keeping at 100% mark for so long.

264

00:29:05.490 --> 00:29:15.960

Dean Michael: And I understand that home values right now it's been going up crazy this year, in particular, but that's not necessarily.

265

00:29:16.680 --> 00:29:31.890

Dean Michael: The only reason that we need to spend all this money to have it all done at once, I mean if we're still doing a 30 you know, a fifth or fourth of all the properties every year I don't see.

266

00:29:32.940 --> 00:29:37.350

Dean Michael: yeah I don't know again it's it's kind of like a lot of money to be spending.

267

00:29:37.800 --> 00:29:51.540

Clinton Supervisor Ray Oberly: Well me between now and the May you have plenty time that you could stop by and get specific information that would help you make a decision, what to do, from the assessor.

268

00:29:52.020 --> 00:30:06.570

Clinton Supervisor Ray Oberly: But also realize that we're going to be in agreement state so come the end of May, so she's going to be busy on all may so you got to do it now to if you want to get more technical details of what.

269

00:30:06.600 --> 00:30:10.170

Dean Michael: i'll call you and say and i'll talk i'll discuss the weather.

270

00:30:10.230 --> 00:30:15.690

Clinton Supervisor Ray Oberly: yeah you know i'm not saying you can't make a decision today, but it may, we should.

271

00:30:16.170 --> 00:30:18.660

Clinton Supervisor Ray Oberly: Say up or down or whatever.

272

00:30:18.930 --> 00:30:27.720

Michael Whitton, Councilmember: And logistically if we are doing this, and one of us has got to shepherd it along three out of the five of us have terms that are up at the end of this year and there's no guarantees will be here after.

273

00:30:27.720 --> 00:30:28.230

Clinton Supervisor Ray Oberly: That I know.

274

00:30:29.820 --> 00:30:30.840

Michael Whitton, Councilmember: here's looking at Dean and.

275

00:30:30.840 --> 00:30:31.320

Chris.

276

00:30:33.000 --> 00:30:33.600

it's tough.

277

00:30:35.640 --> 00:30:41.040

Clinton Supervisor Ray Oberly: But i'm trying to present reality here so that we don't get too far astray.

278

00:30:42.270 --> 00:30:47.580

Clinton Supervisor Ray Oberly: If nobody has anything else you know we'll just move on, you got the story.

279

00:30:50.040 --> 00:31:16.290

Clinton Supervisor Ray Oberly: Okay, the next one is approving, including the S in the town, you are, you are I for the web page and then data stuff there's a big description that been included here you many times, see this F https kind of thing for security, gives us a level of security is recommended by the our.

280

00:31:19.050 --> 00:31:20.310

Clinton Supervisor Ray Oberly: Computer specialist.

281

00:31:21.330 --> 00:31:34.200

Clinton Supervisor Ray Oberly: I make a motion to approve the following resolution, be it resolved that the town board approves adding ssl security to the town website to have https security is there a second.

282

00:31:34.650 --> 00:31:35.430

Dean Michael: You Michael second.

283

00:31:35.670 --> 00:31:36.720

Clinton Supervisor Ray Oberly: Any discussion.

284

00:31:37.170 --> 00:31:41.280

Chris Juliano Council Person: i'd only discussion is what is the just the cost for the town yards.

285

00:31:41.970 --> 00:31:53.400

Clinton Supervisor Ray Oberly: depends between 102 hundred he's got to if we agree that he's got to count how many things are there are so he didn't go into all that just record it.

286

00:31:55.110 --> 00:31:58.740

Clinton Supervisor Ray Oberly: So you know security is getting to be the real dilemma nowadays.

287

00:31:59.970 --> 00:32:05.010

Clinton Supervisor Ray Oberly: More okay roll call overly I Cunningham.

288

00:32:05.250 --> 00:32:06.900

Clinton Supervisor Ray Oberly: I Giuliana.

289

00:32:07.290 --> 00:32:10.170

Clinton Supervisor Ray Oberly: I mean Michael wilton.

290

00:32:10.500 --> 00:32:12.570

Clinton Supervisor Ray Oberly: I motion carries.

291

00:32:13.590 --> 00:32:24.840

Clinton Supervisor Ray Oberly: will move forward with that the next one is the bills and online payment for central Hudson bills was that, essentially, is very simple, like you get.

292

00:32:25.650 --> 00:32:45.660

Clinton Supervisor Ray Oberly: The bills, maybe for your table vision or other things, and you automatically paying them out of an account well central Hudson offers this and it would reduce the number of pieces of paper that we handle in the town and waiting for the bills to come in and stuff.

293

00:32:46.860 --> 00:32:57.870

Clinton Supervisor Ray Oberly: So I make a motion to approve the following resolution been resolved that the town board approves receiving emails from central Hudson and to enroll in online payments is there a second.

294

00:32:58.230 --> 00:32:58.980

Dean Michael: You Michael second.

295

00:32:59.220 --> 00:33:00.120

Clinton Supervisor Ray Oberly: Any discussion.

296

00:33:02.430 --> 00:33:05.370

Clinton Supervisor Ray Oberly: Okay roll call vote overly I.

297

00:33:06.540 --> 00:33:07.440

Clinton Supervisor Ray Oberly: Cunningham.

298

00:33:08.640 --> 00:33:09.540

Clinton Supervisor Ray Oberly: Giuliano.

299

00:33:10.890 --> 00:33:11.640

Clinton Supervisor Ray Oberly: Being Michael.

300

00:33:12.060 --> 00:33:13.440

Clinton Supervisor Ray Oberly: I when.

301

00:33:14.700 --> 00:33:15.030

Michael Whitton, Councilmember: I.

302

00:33:15.570 --> 00:33:19.620

Clinton Supervisor Ray Oberly: Motion Gary next on his purchase of an excavator.

303

00:33:20.940 --> 00:33:22.800

Michael Whitton, Councilmember: Fred can you let Todd in now.

304

00:33:27.660 --> 00:33:28.170

TOC - Tech Support: Yes, hear you.

305

00:33:29.670 --> 00:33:33.210

Michael Whitton, Councilmember: So i'm i'm just going to make the motion first and then explain what we're doing.

306

00:33:35.130 --> 00:33:39.600

Michael Whitton, Councilmember: I make a motion to approve the following resolution, be it resolved that the town board approves the purchase of a.

307

00:33:43.530 --> 00:33:59.850

Michael Whitton, Councilmember: excavator with a three year full warranty a 48 inch tilting grading bucket and a five year 5000 our warranty at a cost, not to exceed \$107,300 from budget code D 513 0.250.

308

00:34:01.650 --> 00:34:02.730

Chris Juliano Council Person: Giuliana second.

309

00:34:03.030 --> 00:34:04.560

Clinton Supervisor Ray Oberly: Okay, so.

310

00:34:05.580 --> 00:34:12.450

Michael Whitton, Councilmember: So in the budget this year, there is \$150,000 set aside for a bulldozer we have.

311

00:34:13.860 --> 00:34:14.700

Michael Whitton, Councilmember: For a backhoe sorry.

312

00:34:16.200 --> 00:34:24.480

Michael Whitton, Councilmember: And we have a backhoe that is functioning but needs some work on it that it'll cost about eight to \$10,000 to repair.

313

00:34:25.560 --> 00:34:33.540

Michael Whitton, Councilmember: And so we also have this excavator and we have an excavator that we would like to purchase and there's an excavator that we use for shared services.

314

00:34:33.930 --> 00:34:47.430

Michael Whitton, Councilmember: Now the excavator takes a lot of wear and tear when we use the hammer drill when we use the mower arm and so todd's plan was to use the shared services excavator for those things that use take put a lot of wear and tear on it.

315

00:34:48.360 --> 00:35:00.630

Michael Whitton, Councilmember: We can buy this excavator for 107,000 and do the eight to \$10,000 of repairs on the backhoe which will make it last several more years and we'd still be.

316

00:35:00.930 --> 00:35:02.550

Chris Juliano Council Person: About ahead of the game saving some.

317

00:35:02.550 --> 00:35:05.520

Michael Whitton, Councilmember: Money about \$30,000 ahead and the budget.

318

00:35:07.200 --> 00:35:16.650

Michael Whitton, Councilmember: And so 40,000 yeah so it gets us basically two pieces of equipment, instead of the one piece that we had budgeted for doing it this way yeah.

319

00:35:18.270 --> 00:35:21.060

Michael Whitton, Councilmember: So that's why we're making a small change from what we had planned on buying.

320

00:35:23.190 --> 00:35:25.770

Michael Whitton, Councilmember: and any questions for me or toddler.

321

00:35:30.210 --> 00:35:38.520

Chris Juliano Council Person: All right, I mean I mean this is definitely a logical step to go like said wanted sees on the budget to the other backhoes able to get a few more years out of.

322

00:35:39.540 --> 00:35:53.790

Chris Juliano Council Person: As a piece of equipment and it solves the issue of having our own and for doing some of the projects, who are not waiting for the shared services such as covert pipes and stuff like that, so when you know Todd was discussing this with us.

323

00:35:55.140 --> 00:36:07.500

Chris Juliano Council Person: it's really a win, win puts us in a little bit better spot and with the, I think, was it rhinebeck pulling out of the shared service agreement for the excavator a little more leeway.

324

00:36:08.910 --> 00:36:10.620

Todd Martin - Highway Superintendent: Yes, right rhinebeck is going to be.

325

00:36:11.790 --> 00:36:17.910

Todd Martin - Highway Superintendent: Pulling on the shared services that will actually help us, because then we'll have two pieces are of the shared service piece.

326

00:36:18.450 --> 00:36:29.190

Todd Martin - Highway Superintendent: With the escovedo to hammer on it and then with this piece that we're buying one can be hammer and the other could be talking to the girl away and everything so it'll be a win, win situation for us.

327

00:36:30.210 --> 00:36:30.930

Chris Juliano Council Person: Now just want.

328

00:36:31.170 --> 00:36:43.830

Chris Juliano Council Person: One quick question Todd this so so the so everyone can understand, and you can explain this so how's our costs, going to be difference when rhinebeck pulls out for the shared since we're we're now it's being split between less.

329

00:36:44.460 --> 00:36:46.800

Todd Martin - Highway Superintendent: it's it's not going to be that much of a.

330

00:36:46.830 --> 00:37:00.120

Todd Martin - Highway Superintendent: Cost F minus or last you know if run it pulls out that's to two months or three months, and they have it so it's not really that much of a cost savings or difference, you know between.

331

00:37:02.040 --> 00:37:05.130

Todd Martin - Highway Superintendent: them pulling out and i'll save them money, the other towns.

332

00:37:05.880 --> 00:37:06.210

Okay.

333

00:37:08.670 --> 00:37:16.260

Todd Martin - Highway Superintendent: The other nice thing too is if we get this escalator word proves it, it is a little bit bigger activator there is some projects coming up.

334

00:37:17.250 --> 00:37:24.720

Todd Martin - Highway Superintendent: As far as covert pipe replacements which streams that would help us as far as contract now now we won't have to if you guys approve this tonight.

335

00:37:25.290 --> 00:37:29.370

Todd Martin - Highway Superintendent: We want to contract out for some of these because it's a bigger escalator that we're talking about.

336

00:37:29.970 --> 00:37:37.410

Todd Martin - Highway Superintendent: We can also transport this just so you guys understand this, even though it is a little bit bigger of an excavator than the one that we have with the shared services.

337

00:37:37.830 --> 00:37:43.080

Todd Martin - Highway Superintendent: that's why we have accountability, with the trailer now we can transport it from job job and stuff so we're not.

338

00:37:43.710 --> 00:37:54.480

Todd Martin - Highway Superintendent: driving it and everything else, and it will help us save money, like I said the quarter pipes that I have in mind for contract and out um and it's coming in value Bob set for the for the town.

339

00:37:55.890 --> 00:37:57.330

Dean Michael: what's it about 15,000 pounds.

340

00:38:01.740 --> 00:38:02.490

Dean Michael: At important.

341

00:38:03.090 --> 00:38:04.620

Todd Martin - Highway Superintendent: Yet, at least that.

342

00:38:05.550 --> 00:38:06.570

Dean Michael: What it is a regular is.

343

00:38:06.960 --> 00:38:08.310

Dean Michael: Probably about 13 right.

344

00:38:08.640 --> 00:38:20.790

Todd Martin - Highway Superintendent: Yes, yeah yeah the shared service one is 13 and change 13 and five and then this one that we're getting on it comes with a regular bucket i'm a smaller trench and pocket.

345

00:38:21.270 --> 00:38:33.600

Todd Martin - Highway Superintendent: And it's a coupler onto it so it's still pocket awesome so it's not just the the bucket on to it, it will be a self grading pocket like the county in the state has for the ditches and stuff on the side of the road.

346

00:38:37.620 --> 00:38:41.610

Clinton Supervisor Ray Oberly: and any more discussion ready to roll call vote.

347

00:38:42.900 --> 00:38:49.500

Clinton Supervisor Ray Oberly: Okay we'll call go Okay, here we are overly I putting him.

348

00:38:49.620 --> 00:38:50.010

hi.

349

00:38:51.690 --> 00:38:52.080

Chris Juliano Council Person: I.

350

00:38:52.140 --> 00:38:53.250

Clinton Supervisor Ray Oberly: steamed Michael.

351

00:38:54.540 --> 00:38:55.170

Clinton Supervisor Ray Oberly: wilton.

352

00:38:55.560 --> 00:38:57.420

Clinton Supervisor Ray Oberly: I can carry.

353

00:38:58.500 --> 00:39:00.150

Todd Martin - Highway Superintendent: I do okay.

354

00:39:01.980 --> 00:39:05.790

Clinton Supervisor Ray Oberly: The next one is refurbishing plotter.

355

00:39:08.160 --> 00:39:18.990

Clinton Supervisor Ray Oberly: I sent you all the information in the past, for having it refurbish so that this is our original one being upgraded into always 10 operating system.

356

00:39:20.190 --> 00:39:29.940

Clinton Supervisor Ray Oberly: I make a motion to approve the following resolution be resolved that the town board approves the the bid to repair the plotter our sign maker from plotter doctor.

357

00:39:31.050 --> 00:39:33.690

Clinton Supervisor Ray Oberly: I will see at a cost, not to see.

358

00:39:35.550 --> 00:39:39.300

Clinton Supervisor Ray Oberly: \$3,385 per second.

359

00:39:40.350 --> 00:39:41.220

Dean Michael: You Michael second.

360

00:39:42.060 --> 00:39:43.590

Clinton Supervisor Ray Oberly: Any further discussion.

361

00:39:44.040 --> 00:39:45.750

Dean Michael: With a new one cost a.

362

00:39:47.310 --> 00:39:51.990

Nancy: Question for Todd the plotter would reside in the.

363

00:39:53.580 --> 00:39:54.930

Nancy: Town highway right.

364

00:39:56.160 --> 00:39:58.290

TOC - Tech Support: To take California.

368

00:40:07.200 --> 00:40:12.480

TOC - Tech Support: Yes, yes it's its ultimate resting place would be the highway department sign shop.

369

00:40:13.110 --> 00:40:13.500

Yes.

370

00:40:15.210 --> 00:40:19.440

Nancy: You can still with the water we currently have you can still make signs.

371

00:40:20.820 --> 00:40:21.090

Todd Martin - Highway Superintendent: know.

372

00:40:22.080 --> 00:40:23.670

Todd Martin - Highway Superintendent: When that comes back, yes, we will.

373

00:40:23.940 --> 00:40:25.050

TOC - Tech Support: yeah but.

374

00:40:25.320 --> 00:40:26.790

Nancy: You won't be back for a while.

375

00:40:28.590 --> 00:40:30.930

Nancy: three to four weeks I believe i'm asking us.

376

00:40:31.770 --> 00:40:42.420

Nancy: To go over to staples to get signs made for the park, so I didn't know if you were in the business right now, or if there was.

377

00:40:44.370 --> 00:40:59.190

Todd Martin - Highway Superintendent: No, but if you need signs made up on how to value mobile graphics Kevin mallory's guys the arm he's going to be cheaper to staples and probably a lot faster he's we have useful for the highway now for our signs.

378

00:40:59.460 --> 00:41:02.940

Nancy: The reason i'm going to staples they already have the master and he's just.

379

00:41:03.780 --> 00:41:05.130

Todd Martin - Highway Superintendent: don't that's fine that's perfect.

380

00:41:05.280 --> 00:41:07.590

Nancy: You know I would do that.

Nancy: No that's fine in the chair for the fighters have improved, then I can go to you for that.

382

00:41:15.330 --> 00:41:15.750

Chris Juliano Council Person: Emotionally outside.

403

00:42:33.900 --> 00:42:34.560

Okay.

404

00:42:36.090 --> 00:42:38.490

Clinton Supervisor Ray Oberly: In the past, were maintenance people for lawn mowing and stuff like that world they have certain requirements and the newer people are about to be positioned as groundskeepers.

410

00:43:10.770 --> 00:43:14.430

00:45:17.070 --> 00:45:20.010

Clinton Supervisor Ray Oberly: This is just so you know for the cemetery.

432

00:45:21.060 --> 00:45:22.110

Clinton Supervisor Ray Oberly: And the discussion.

433

00:45:23.340 --> 00:45:26.070

Clinton Supervisor Ray Oberly: roll call overly I Cunningham.

434

00:45:27.120 --> 00:45:31.590

Clinton Supervisor Ray Oberly: Giuliano I think Michael Witten.

00:45:31.770 --> 00:45:33.480

Clinton Supervisor Ray Oberly: I motion carry.

436

00:45:36.750 --> 00:45:45.330

Clinton Supervisor Ray Oberly: The next one is, we need a backup clerk in as a justice clerk because.

437

00:45:47.820 --> 00:45:57.630

Clinton Supervisor Ray Oberly: One of the Court is going to be going on vacation for a few weeks and we don't have any film for her, but we still got to keep the paper form and this individual.

438

00:46:01.080 --> 00:46:02.730

Chris Juliano Council Person: Ray you muted yourself out.

439

00:46:09.390 --> 00:46:19.560

Clinton Supervisor Ray Oberly: This individual works in rhinebeck it does the same job up there, so it's as needed it's not a we people officer such I mean oh.

444

00:46:55.200 --> 00:46:56.280

Dean Michael: I think this is a backup.

445

00:46:56.940 --> 00:47:00.240

Town Clerk Carol Mackin: Miss, this is a substitute it's a substitute.

446

Clinton Supervisor Ray Oberly: For plugins to go losing his position he retired yeah.

447

00:47:08.910 --> 00:47:24.930

Nancy: I think it's normally needed I just be cooked and there are, although they may have the same record keeping requirements clean, there are some variations in how we do that, so I think the third person will be very valuable.

448

00:47:25.740 --> 00:47:40.530

Clinton Supervisor Ray Oberly: We typically over the years had a person like this just to take care of if somebody got sick, you know, one of the clerks or went on vacation or whatever so it's not a full time being there every week or any human.

449

00:47:41.340 --> 00:47:47.730

Clinton Supervisor Ray Oberly: Okay okay roll call vote over the I Cunningham Giuliana.

Clinton Supervisor Ray Oberly: Oh, Michael.

461

00:48:34.440 --> 00:48:43.320

Dean Michael: So i'm voting no only for the fact that I think that we should have interviewed them not anything to do with them i'm sure we would have approved them anyway, I just think that we should have interviewed them.

00:48:44.820 --> 00:48:46.710

Michael Whitton, Councilmember: I say I because I think you called me.

463

00:48:47.730 --> 00:48:48.630

Clinton Supervisor Ray Oberly: Yes, I did.

464

00:48:53.250 --> 00:48:54.870

Clinton Supervisor Ray Oberly: Okay Tony.

465

00:48:55.980 --> 00:49:05.400

Nancy: And I do agree with being for future reference, but I do believe these people are very well qualified so really high.

466

00:49:06.030 --> 00:49:09.540

Clinton Supervisor Ray Oberly: Okay motion carry constables.

467

00:49:10.740 --> 00:49:22.650

469

00:49:36.750 --> 00:49:47.460

Clinton Supervisor Ray Oberly: roll call vote overly I Giuliano.

473

00:49:55.530 --> 00:49:57.000

Clinton Supervisor Ray Oberly: I within.

474

00:49:57.540 --> 00:49:59.430

Michael Whitton, Councilmember: move on real quick from from appointments we did get a an email right before the meeting from somebody interested in the car, so I think.

484

00:50:47.970 --> 00:50:55.860

Michael Whitton, Councilmember: Because of the time period if we can schedule an executive session or something this week to try and take care of that that would be great we can fill that position well.
