

April 29,2024

**TOWN OF CLINTON CORNERS ,SALT POINT NY**

**CCTV SCOPE OF WORK –**

ADT will install at this location the following equipment to meet the customer's Requirement to view remotely and record the location at 337 Clinton Road .ADT is proposing installing technology that will allow the client to view this location from Two (2) Cameras Installed on a customer supplied Pole through wireless signals. These cameras will not have to be hard wired back to the main facility, rather they will Communicate via wireless technology. ADT will accomplish this with the use of one 8ch NVR (network Video Recorder) installed in the Office at the Pavilion on site and Wireless network at the pole .

This will allow the system to be viewed over the network in the main office or remotely.

**Client must supply**

1.0-Power at Site.

2.0-Two Outlets to/in our Nema Box

\*\*\*(NEMA BOX for POE Outdoor Weatherproof NEMA Box for Hardware,POE's and wiring - will be supplied by ADT)\*\*\*

3.0-Internet Connection at NVR

**ADT will Supply and Install** (equipment specs can be supplied)

2 180°Cameras to Pole

1 Nema Box

1 Dish on Pole

1 Dish on Main Bldg.

Network Cameras Wiring

19"Monitor

Train on use and App

Lift

Misc. labor and materials to complete job.
