Clinton Supervisor Ray Oberly: I open the floor via zoom for comment and turn the meeting over to Michael.

37

00:03:57.240 --> 00:04:00.330

Dean Michael: So you know from our last meeting.

38

00:04:01.440 --> 00:04:13.860

Dean Michael: I did discuss and we did make some changes on one of the questions that you guys had as far as the dude ranch the dude ranch language would come out, but I think it's.

39

00:04:14.910 --> 00:04:16.320

Dean Michael: still applies so.

40

00:04:17.340 --> 00:04:23.910

Dean Michael: It wouldn't you know inhibit you from doing a dude ranch per se just following the.

41

00:04:26.430 --> 00:04:30.030

Dean Michael: code which would allow for that we're stabling and writing.

42

00:04:33.180 --> 00:04:38.070

Dean Michael: So did you guys have any further questions on any of the changes or language.

43

00:04:39.270 --> 00:04:45.660

jeff: Thanks Dean very much I appreciate those changes getting in there after the last hearing.

44

00:04:47.190 --> 00:04:53.130

jeff: And I think I think, all in all, it looks really great as I know, it's been it's been a long journey and a lot of work.

45

00:04:54.150 --> 00:04:59.430

jeff: I did in going through it have a couple comments i'll apologize if i'm sorry.

46

00:05:00.660 --> 00:05:01.500

jeff: But nothing crazy.

47

00:05:03.060 --> 00:05:08.850

jeff: And this is, these are things that just kind of struck me in rereading it, hopefully, for the last time.

48

00:05:10.620 --> 00:05:18.330

jeff: On page one in the definition of event area I noticed that the change was to add conference Center, thank you for that, and that obviously makes sense.

49

00:05:19.800 --> 00:05:22.590

jeff: But one thing I realized was that the.

50

00:05:25.530 --> 00:05:27.000

jeff: In the.

51

00:05:28.110 --> 00:05:37.140

jeff: definition of event area it's that will be used for events, including but not limited to outdoor areas parking areas buildings and structures.

52

00:05:38.280 --> 00:05:49.200

jeff: But there's a discrepancy then later on with the setbacks, because in one section every refers to the event area as having a 500 foot setback.

53

00:05:49.680 --> 00:06:03.090

jeff: But the buildings are allowed a 200 foot set back and that so that the discrepancy makes it unclear in terms of how did the buildings that become part of the event area and.

54

00:06:03.570 --> 00:06:20.010

jeff: From my memory, when we were working on this, the idea was as most of us to eliminate the transmission of noise and so, if it's in a building the thought was that building could be closer and the 200 foot setback fit other laws on the town.

55

00:06:22.380 --> 00:06:29.040

jeff: But an outdoor event is more likely to generate noise is going to travel further so that that would be further away.

56

00:06:30.000 --> 00:06:48.600

jeff: So I do have a suggestion for a sort of a quick clarification fix to, that is if, on page two number eight where it says outdoor events since the idea is to to specifically limit noise from outdoor events.

57

00:06:50.760 --> 00:07:06.030

jeff: A rewarding something like outdoor events should be contained within a specific outdoor event area which is contained within the event area determined by the planning board as specified on the approved site plan.

58

00:07:07.110 --> 00:07:18.900

jeff: So, in other words on the site plan any place that there would be an outdoor event would be a circle inside the circle of the event area, therefore, allowing for the two different setbacks, that I mentioned.

59

00:07:20.790 --> 00:07:21.690

jeff: Additionally.

60

00:07:23.010 --> 00:07:29.940

Dean Michael: So it's just so I have the full language here, so what did we change or what did we're at and where.

61

00:07:31.170 --> 00:07:38.490

jeff: All outdoor event should be contained within it so delete the and add a specific outdoor.

62

00:07:42.960 --> 00:07:43.920

jeff: event area.

63

00:07:45.210 --> 00:07:49.140

jeff: which is contained within the event area.

64

00:07:55.170 --> 00:07:56.610

jeff: To be determined by the planning board.

65

00:08:04.620 --> 00:08:04.920

Dean Michael: Okay.

66

00:08:05.430 --> 00:08:18.990

jeff: And then the next sentence tense and other temporary structures shall be located within the approved add the word outdoor event area and that way, the tent in the in temporary structures are not put within the larger event area.

67

00:08:20.310 --> 00:08:24.510

jeff: Sorry within the approved outdoor event area specifically.

68

00:08:33.840 --> 00:08:41.280

Chris Juliano Councilmember: So Jeff your thing is really just basically trying to you know the you know, because the indoors this situation that.

69

00:08:42.720 --> 00:08:48.390

Chris Juliano Councilmember: Where you're seeing the 200 to 500 feet it's just trying to clear that up so it's not everything has to be 500 feet of them.

70

00:08:48.840 --> 00:08:52.770

jeff: Right right exactly and and so that you in part of the law was also.

71

00:08:55.110 --> 00:09:07.920

jeff: Creating the opportunity for historic properties, to find new purpose and that's why the law, specifically mentioned using existing structures that might be historic structures, because it's under the way of sharing this rural history of the town.

72

00:09:07.950 --> 00:09:16.560

Chris Juliano Councilmember: Exactly and so some of the some of the older structures may be closer than the 500 feet that fall within that correct right.

73

00:09:17.700 --> 00:09:27.150

jeff: And then the last thing in that section on the next sense the boundaries of the again add the word outdoor so boundaries of the outdoor event area.

74

00:09:28.890 --> 00:09:37.440

jeff: And then, instead of excluding simply say shall not include parking areas and shall be located at least 500 feet.

75

00:09:39.480 --> 00:09:45.000

jeff: My thinking behind that, obviously, is it more clearly says the 500 feet boundary, but it also.

76

00:09:45.240 --> 00:09:58.710

jeff: eliminates the the possibility of somebody putting a parking area 200 feet, which is the setback in another section of the law and then putting up a tent in the parking area we're trying to think they could do the outdoor vented the parking area.

77

00:09:59.250 --> 00:10:03.060

jeff: So it's still a has been specifically contained in that outdoor urban area.

78

00:10:11.940 --> 00:10:13.980

Dean Michael: Or shall not exclude the parking area.

79

00:10:14.580 --> 00:10:19.560

jeff: shall not include shall not include right instead of the word, excluding.

80

00:10:21.540 --> 00:10:25.110

jeff: parking areas and Shelby located so add the word and.

81

00:10:28.410 --> 00:10:35.430

Dean Michael: But if the parking area is part of the event were to go to the event, you have to have parking.

82

00:10:36.150 --> 00:10:47.790

jeff: Right, so this allows for the parking to be part of the larger event area so that fits the definition, but prevents people from doing an outdoor event in the parking area so.

83

00:10:47.790 --> 00:10:52.770

Dean Michael: Just specifically for outdoor events, the parking lot is to be included.

84

00:10:52.830 --> 00:10:55.500

jeff: And only race, personally, but I think yeah.

85

00:10:57.900 --> 00:10:58.620

jeff: and

86

00:11:01.890 --> 00:11:13.770

jeff: Then, on page four number 12 this has been there for a long time and again, for whatever reason, it just struck me when reviewing this time.

87

00:11:15.150 --> 00:11:23.160

jeff: for lodging facilities, it says lodging facilities at the conference Center if any shall not contain kitchen facilities for cooking or dishwashing.

88

00:11:24.660 --> 00:11:31.800

jeff: And what I realized was again in the interest of being able to repurpose some of the historic structures.

89

00:11:32.100 --> 00:11:45.270

jeff: It wouldn't be uncommon for a property to have a farmhouse and want to be able to utilize that farmhouse as part of their temporary residence permit, with health department and as a lodging for the attendees of events at the conference Center.

90

00:11:46.980 --> 00:11:51.240

jeff: And those buildings are obviously going to have you know kitchen facilities and.

91

00:11:52.410 --> 00:12:10.170

jeff: The intent of this as I understood it was to prevent a room from being used as an apartment so somebody couldn't have their own access to a kitchen within their room and so, in the interest of that my suggestion would be to change.

92

00:12:11.580 --> 00:12:21.630

jeff: The word facilities to rooms, so the heading would stay the same it's still lodging facilities, but it would start out lodging rooms at the conference Center if any shall not contain kitchen facilities.

93

00:12:22.830 --> 00:12:25.800

jeff: And that way it's still allows for this historic buildings to be used.

94

00:12:32.100 --> 00:12:36.360

jeff: And then the last one I had also on page four and number 16.

95

00:12:37.500 --> 00:12:46.590

jeff: I think this just got missed as as we, as a change was made before about the annual renewal number 14 is a special use permit review.

96

00:12:47.610 --> 00:12:56.850

jeff: I would suggest in number 16 where it says, an annual fee do at initial approval and then upon each annual renewal just change the word renewal, to review.

97

00:13:01.920 --> 00:13:03.750

jeff: That way, just for the continuity of it.

98

00:13:04.920 --> 00:13:07.890

jeff: Also keeps it more clear that it's not every new.

99

00:13:11.160 --> 00:13:11.700

jeff: Was it.

100

00:13:13.710 --> 00:13:14.520

jeff: Thank you very much.

101

00:13:15.570 --> 00:13:16.380

jeff: For the time.

102

00:13:17.160 --> 00:13:24.270

Dean Michael: Does any of the board members have any comments about any of those changes or concerns are okay with it.

103

00:13:24.870 --> 00:13:31.830

Chris Juliano Councilmember: i'm i'm fine with the i'm fine with that defines a little bit the lodging makes sense long as it's not within the rooms.

104

00:13:32.880 --> 00:13:37.080

Chris Juliano Councilmember: I think the outdoor facility yeah I think i'm okay with that.

105

00:13:38.580 --> 00:13:39.000

Chris Juliano Councilmember: person.

106

00:13:39.060 --> 00:13:40.800

Clinton Supervisor Ray Oberly: Okay meaningful changes.

107

00:13:43.200 --> 00:13:43.740

jeff: Thank you.

108

00:13:48.240 --> 00:13:50.100

Dean Michael: Eric did you have any extra questions or.

109

00:13:52.860 --> 00:14:01.200

eric: No, I think it looks good I appreciate you guys putting in the work, and I think that most of the stuff we were concerned about last time has been remedied, thank you very much, everyone sure.

110

00:14:02.520 --> 00:14:05.820

Dean Michael: I don't know good Elliot have anything to put in, or.

111

00:14:16.530 --> 00:14:17.430

Michael Whitton, Councilmember: Are you muted Elliot.

112

00:14:21.840 --> 00:14:26.370

eliot: Okay, could you read that first one back to me i'm sorry about the 800 to 500 feet.

113

00:14:27.450 --> 00:14:30.120

eliot: 200 feet I got I got a little mixed up when.

114

00:14:31.950 --> 00:14:34.560

eliot: Jeff was reading that one the outdoor events thing.

115

00:14:38.730 --> 00:14:55.440

Dean Michael: So all outdoor events show be contained within a specific outdoor event area which is contained within the event area to be determined by the planning

board and specified on the approvals approve site plan.

116

00:14:58.260 --> 00:14:59.160

Dean Michael: They get that right Jeff.

117

00:14:59.730 --> 00:15:00.540

jeff: yeah thanks Dean.

118

00:15:03.840 --> 00:15:06.990

eliot: Okay, and went on right from there, there was more to it.

119

00:15:07.050 --> 00:15:14.550

Dean Michael: yeah, then the next sentence tense and other temporary structures she'll be located within the approved outdoor event area.

120

00:15:16.440 --> 00:15:17.670

Dean Michael: specified.

121

00:15:18.060 --> 00:15:19.110

As specified.

122

00:15:27.450 --> 00:15:32.250

eliot: Okay, what was the issue had to do with 500 feet versus 200 feet, is that right.

123

00:15:32.670 --> 00:15:37.650

Dean Michael: I think what his concern was that someone could use well the 250 500.

124

00:15:38.340 --> 00:15:42.630

Dean Michael: But, also, that the the parking area could be used as an event area.

125

00:15:43.320 --> 00:15:48.210

Michael Whitton, Councilmember: Part of the issue was that outdoor events had to be 500 feet from the last line.

126

00:15:48.480 --> 00:15:51.180

Michael Whitton, Councilmember: You know, also specifies that buildings.

127

00:15:52.080 --> 00:15:52.830

Dean Michael: Only have to.

128

00:15:53.010 --> 00:16:02.280

Michael Whitton, Councilmember: Be within 200 feet so since we didn't create an outdoor event area method buildings automatically would be in violation of the setbacks.

129

00:16:02.610 --> 00:16:04.350

eliot: Okay, I got it all right.

130

00:16:05.850 --> 00:16:06.480

eliot: Okay.

131

00:16:14.880 --> 00:16:17.220

Dean Michael: So any additional comments Elliot.

132

00:16:19.350 --> 00:16:21.810

eliot: And I mean you guys have been at this for all.

133

00:16:22.380 --> 00:16:22.830

Dean Michael: too long.

134

00:16:23.460 --> 00:16:29.280

eliot: How long how many years okay too long, no seems okay.

135

00:16:30.420 --> 00:16:32.790

Dean Michael: Well, with that, then I think we can close the public Erin.

136

00:16:34.980 --> 00:16:35.670

eliot: Thank you, Dan.

137

00:16:36.210 --> 00:16:36.660

Dean Michael: Thank you all right.

138

00:16:39.570 --> 00:16:46.770

Clinton Supervisor Ray Oberly: There being no further comments I make a motion to close the public hearing is there a second.

139

00:16:47.010 --> 00:16:47.820

Dean Michael: In Michael second.

140

00:16:48.510 --> 00:16:51.450

Clinton Supervisor Ray Oberly: roll call overly I Cunningham.

141

00:16:51.780 --> 00:16:53.790

Clinton Supervisor Ray Oberly: I do know.

142

00:16:54.960 --> 00:16:55.890

Clinton Supervisor Ray Oberly: Being Michael.

143

00:16:55.980 --> 00:17:05.070

Clinton Supervisor Ray Oberly: I Witten I motion carried okay at this time and make a motion to adjourn the public caring is or the second.

144

00:17:07.440 --> 00:17:09.540

Clinton Supervisor Ray Oberly: roll call over the eyes.

145

00:17:12.900 --> 00:17:13.560

Clinton Supervisor Ray Oberly: Very.

146

00:17:14.040 --> 00:17:14.460

high.

147

00:17:15.930 --> 00:17:16.950

Clinton Supervisor Ray Oberly: You know.

148

00:17:17.370 --> 00:17:18.960

Clinton Supervisor Ray Oberly: I mean Michael.

149

00:17:19.110 --> 00:17:20.490

Clinton Supervisor Ray Oberly: I when.

150

00:17:20.670 --> 00:17:22.620

Clinton Supervisor Ray Oberly: I motion carried.

151

00:17:24.030 --> 00:17:26.010

Clinton Supervisor Ray Oberly: Probably carrying close closed.

152

00:17:32.730 --> 00:17:34.620

Clinton Supervisor Ray Oberly: off in a regular board meeting.

153

00:17:39.330 --> 00:17:40.770

Clinton Supervisor Ray Oberly: Okay you're ready.

154

Clinton Supervisor Ray Oberly: I Witten.

220

00:26:13.590 --> 00:26:16.260

Clinton Supervisor Ray Oberly: I motion carried I.

221

00:26:17.130 --> 00:26:27.930

Clinton Supervisor Ray Oberly: skipped over one so backup Item number three, this is a revision to the position statement for Secretary highway superintendent.

222

00:26:29.040 --> 00:26:39.330

Clinton Supervisor Ray Oberly: Or the position statement approved in haste had some errors which were corrected in this revised Secretary to the Highland super intended position statement.

223

00:26:40.080 --> 00:26:47.970

Clinton Supervisor Ray Oberly: So I make a motion to approve the revised position statement for this position of Secretary to the highway superintendent is there a second.

224

00:26:48.900 --> 00:26:49.200

227

00:26:57.450 --> 00:27:00.150

Clinton Supervisor Ray Oberly: Giuliana is being.

228

00:27:01.470 --> 00:27:02.040

Clinton Supervisor Ray Oberly: Written Witten.

229

00:27:02.370 --> 00:27:03.930

Clinton Supervisor Ray Oberly: Right motion carried.

230

00:27:04.980 --> 00:27:08.760

Clinton Supervisor Ray Oberly: down to the cyber password.

231

00:27:10.620 --> 00:27:16.770

Clinton Supervisor Ray Oberly: This was written in conjunction with our it consultant friends of going in order to.

232

00:27:17.850 --> 00:27:22.410

Clinton Supervisor Ray Oberly: I mean to improve the cyber security of our computer network network.

233

00:27:23.490 --> 00:27:28.740

Clinton Supervisor Ray Oberly: Is the cheapest and is a very effective way to reduce ransomware frauds and scams.

234

00:27:30.150 --> 00:27:39.870

Clinton Supervisor Ray Oberly: On her computer network nightmare has your question we implement this cyber cyber password policy for cybersecurity insurance.

235

00:27:40.920 --> 00:27:44.460

Clinton Supervisor Ray Oberly: Now I sent you all the information on it.

236

00:27:45.570 --> 00:27:47.070

Clinton Supervisor Ray Oberly: The actual wins it all.

237

00:27:48.270 --> 00:28:07.080

Clinton Supervisor Ray Oberly: centrally is what it says is in simple words, every month you got to change your password and that's for town own equipment, so your private home computer, you can do what you want Okay, so this restricted in that sense.

238

00:28:08.670 --> 00:28:09.120

Clinton Supervisor Ray Oberly: So.

239

00:28:11.130 --> 00:28:12.690

Clinton Supervisor Ray Oberly: Does anybody have any.

240

00:28:14.130 --> 00:28:22.470

Clinton Supervisor Ray Oberly: comments or anything else I didn't get I didn't get any on the Internet, email or anything.

241

00:28:25.170 --> 00:28:25.710

Clinton Supervisor Ray Oberly: So.

242

00:28:26.730 --> 00:28:27.270

Clinton Supervisor Ray Oberly: We can.

243

00:28:28.800 --> 00:28:29.820

Clinton Supervisor Ray Oberly: pass it tonight.

244

00:28:31.740 --> 00:28:35.580

Clinton Supervisor Ray Oberly: for everybody thinks that that's okay and we'll be in effect.

245

00:28:37.890 --> 00:28:38.340

Clinton Supervisor Ray Oberly: with it.

246

00:28:40.890 --> 00:28:51.240

Clinton Supervisor Ray Oberly: So Omega motion that the town board approves the

following resolution to resolve that the town board approves the.

247

00:28:52.770 --> 00:28:56.340

Clinton Supervisor Ray Oberly: Cyber password policy is there a second.

248

00:28:56.670 --> 00:28:57.420

Dean Michael: If you make a second.

249

00:28:58.470 --> 00:29:06.360

Clinton Supervisor Ray Oberly: Any further discussion of favor I will do a roll call vote overly I Cunningham.

250

00:29:06.900 --> 00:29:08.550

Clinton Supervisor Ray Oberly: hi Giuliana.

251

00:29:08.970 --> 00:29:11.940

Clinton Supervisor Ray Oberly: I mean Michael Witten.

252

00:29:12.330 --> 00:29:14.490

Clinton Supervisor Ray Oberly: I motion Terry let's.

253

00:29:16.680 --> 00:29:17.400

Clinton Supervisor Ray Oberly: get through that.

254

00:29:19.350 --> 00:29:20.310

Clinton Supervisor Ray Oberly: Now we have.

255

00:29:24.480 --> 00:29:26.100

Clinton Supervisor Ray Oberly: The next one is.

256

00:29:29.400 --> 00:29:30.960

Clinton Supervisor Ray Oberly: On fines and penalties.

257

00:29:33.900 --> 00:29:39.630

Dean Michael: I mean, as as we discussed the last meeting the purpose is to.

258

00:29:41.850 --> 00:29:43.680

Dean Michael: Basically, discourage people from.

259

00:29:45.630 --> 00:29:47.820

Dean Michael: You know intentionally violating the rules.

260

00:29:49.260 --> 00:30:09.300

Dean Michael: So the the minimum fines seem to be on a little bit of the higher side, but they do progressively go up should someone continually violate because we've seen in certain circumstances where people in the town would rather pay the fine and continue violating the rules.

261

00:30:10.350 --> 00:30:10.770

Dean Michael: So.

262

00:30:12.090 --> 00:30:18.000

Dean Michael: Attached on here is the suggested fines and fees.

263

00:30:20.760 --> 00:30:25.530

Clinton Supervisor Ray Oberly: Well, we did you have school today wait till it's done.

264

00:30:25.740 --> 00:30:29.070

Dean Michael: But unless anybody has questions or comments or concerns.

265

00:30:29.520 --> 00:30:35.580

Town Clerk Carol Mackin: Excuse me Dean it's a local law, so this whole process to follow so we're not prepared for tonight.

266

00:30:37.620 --> 00:30:37.980

Clinton Supervisor Ray Oberly: Thank you.

267

00:30:38.460 --> 00:30:39.960

Michael Whitton, Councilmember: My only question would be.

268

00:30:41.130 --> 00:30:49.260

Michael Whitton, Councilmember: Some of these like permits they they stay with the property so somebody sells it and the short term Rentals a permit stays with the property and there's a new owner.

269

00:30:50.400 --> 00:30:56.910

Michael Whitton, Councilmember: and say they violate something, but the previous owner had violated twice already are they going to be charged with a third violation yeah.

270

00:30:56.940 --> 00:31:04.380

Dean Michael: Well, if there's a violation when they do a title search part of the title search is violation search so.

271

00:31:04.830 --> 00:31:17.040

Dean Michael: They would know that there's this continual problem with the property and and certainly if there's a bank involved the Bank is going to require that the person remedy the violations before they close and get clear title.

272

00:31:17.610 --> 00:31:26.580

Dean Michael: yeah so I I understand what you're saying, but someone should know and find out ahead of time before they close on a property that there's a.

273

00:31:26.970 --> 00:31:32.490

Michael Whitton, Councilmember: problem with that I got if I just don't want like the first and second offensive somebody a previous owners count against the new owner.

274

00:31:32.970 --> 00:31:35.670

Dean Michael: yeah I mean that's a good question, I mean certainly.

275

00:31:36.150 --> 00:31:36.540

Dean Michael: I would.

276

00:31:37.110 --> 00:31:50.280

Dean Michael: My personal opinion is that it's a new person it's a new person, but then you watch out for like if someone changes the name from one corporation to the other corporation, or they changed the name from the husband to the way for vice versa, you know so.

277

00:31:51.450 --> 00:32:01.770

Dean Michael: I guess you know, again, you know typically our zoning enforcement officers now looking out to get people he's usually looking to work with people to get it, you know done correctly and.

278

00:32:02.760 --> 00:32:11.100

Dean Michael: You know it's only really in those rare circumstances where people are

pushed to the point where we have to you know take them to court and find them.

279

00:32:12.420 --> 00:32:12.570

yeah.

280

00:32:13.950 --> 00:32:14.220

Michael Whitton, Councilmember: All right.

281

00:32:15.360 --> 00:32:16.680

Clinton Supervisor Ray Oberly: Okay, so in July and.

282

00:32:16.680 --> 00:32:20.220

Dean Michael: What we have to have a public hearing for next month, then.

283

00:32:21.120 --> 00:32:25.770

Town Clerk Carol Mackin: I will introduce the local law next month, and then the public hearing will follow from there.

284

00:32:26.070 --> 00:32:26.340

Okay.

285

00:32:28.350 --> 00:32:28.650

Dean Michael: Thank you.

286

00:32:30.540 --> 00:32:31.860

Clinton Supervisor Ray Oberly: What is.

287

00:32:32.940 --> 00:32:35.430

Clinton Supervisor Ray Oberly: 2021 fund balance report.

288

00:32:37.290 --> 00:32:37.830

Michael Whitton, Councilmember: i'm.

289

00:32:39.150 --> 00:32:47.340

Michael Whitton, Councilmember: So i'm sure you all saw it, but for those viewing I sent a fund balance report to all of you, but.

290

00:32:48.990 --> 00:33:04.920

Michael Whitton, Councilmember: Basically, our fund balance policy says that are unexpected surplus funds should be not less than 25% and not more than 45% of the general fund and highway funds adopted budget appropriations excluding things like fringe benefits and health insurance and pensions.

291

00:33:06.300 --> 00:33:26.400

Michael Whitton, Councilmember: So we did our add we got it in April, and I was able to go through it in the general fund our surplus is our unassigned fund balance is 704,000 289 and that represents 53.3% of the adopted budget appropriations.

292

00:33:27.150 --> 00:33:37.170

Michael Whitton, Councilmember: Which means that we can spend anywhere between well, we are actually required by the policy to bring it down to about 45% which would be \$110,000 that we'd have to.

293

00:33:37.500 --> 00:33:54.480

Michael Whitton, Councilmember: figure out a place for we can find a place for upwards of 370 \$4,000 but I don't think we should do that, I think we should keep the fund balance up and around you know we shouldn't spend more I don't think that 120,000 have this surplus and the highway fund it's a different story.

294

00:33:56.190 --> 00:34:11.850

Michael Whitton, Councilmember: The highway funds fund balance right now is 170 \$1,707 and that represents a little more than 10% of the adopted budget appropriations and so by the policy we need to come up with a plan over three years to.

295

00:34:14.280 --> 00:34:22.050

Michael Whitton, Councilmember: To raise that backup to the minimum of 25% at least my suggestion is this is good information to know as Ray is starting off.

296

00:34:23.250 --> 00:34:31.920

Michael Whitton, Councilmember: The budget planning and as we head into our budget workshops in November, we can decide, we can use the surplus in.

297

00:34:32.610 --> 00:34:41.070

Michael Whitton, Councilmember: General fund to lower taxes, we can transfer it to the highway fund to help build up that surplus, we can do a combination of both.

298

00:34:41.970 --> 00:34:52.290

Michael Whitton, Councilmember: We can we can look at ideas that everybody has, but I think it's it's a good idea to see since we're starting the budget process just

keep these numbers in mind, and as we're going through the workshop now we know what we can do.

299

00:34:52.650 --> 00:34:57.060

Michael Whitton, Councilmember: And we can maybe come up with a plan at that time as well to build up the highway surplus.

300

00:34:58.470 --> 00:35:08.550

Dean Michael: And we have some big expenses, you know to come, I mean certainly the revaluation is going to cost us more than what our normal budget would be by hiring an additional person and.

301

00:35:09.900 --> 00:35:21.810

Dean Michael: You know, doing the rfp for the outside vendor because even the commercial properties would probably still be done by an outside vendor so and then we also talked about the maintenance on the buildings.

302

00:35:22.200 --> 00:35:23.220

Dean Michael: Which is still an ongoing.

303

00:35:23.220 --> 00:35:25.320

Dean Michael: Concern so I.

304

00:35:25.920 --> 00:35:30.510

Chris Juliano Councilmember: Please we when we did the budget on the outside building stuff we figured for.

305

00:35:31.800 --> 00:35:37.470

Chris Juliano Councilmember: We put a little bit, aside from last year and then we got to figure that out for this year okay.

306

00:35:38.460 --> 00:35:41.580

Clinton Supervisor Ray Oberly: Well vision on how has been the.

307

00:35:42.840 --> 00:35:49.500

Clinton Supervisor Ray Oberly: Unexpected balance that we were just talking about I mean i've made this decision for years and.

308

00:35:50.190 --> 00:36:11.430

Clinton Supervisor Ray Oberly: I don't make the final numbers until I see what the

expenses are no revenues are because you can never predict anything with the volume of data you're working with which we gotta do what so we'll work it out and part in the budget cycle, I mean that's where it is you, you all the budget.

309

00:36:12.300 --> 00:36:12.990

yeah and I think.

310

00:36:14.010 --> 00:36:24.780

Michael Whitton, Councilmember: I think this is a good system when the Ad comes we find the fund balance report and then that leads right into you planning the budget knowing those numbers and those percentages and then we can work it out in workshops.

311

00:36:24.870 --> 00:36:35.550

Clinton Supervisor Ray Oberly: yeah and just to realize for public most important know this, this is the first time we're doing it this way okay so.

312

00:36:36.630 --> 00:36:39.240

Clinton Supervisor Ray Oberly: Learning of the process to yeah.

313

00:36:41.400 --> 00:36:41.820

Clinton Supervisor Ray Oberly: Okay.

314

00:36:43.050 --> 00:36:46.440

Clinton Supervisor Ray Oberly: Next, one is approved the shredding.

315

00:36:49.110 --> 00:36:55.320

Clinton Supervisor Ray Oberly: Town clerk has started to review our own files, with respect to the New York state retention.

316

00:36:56.190 --> 00:37:05.850

Clinton Supervisor Ray Oberly: records retention schedule, there are many records needed to be shredded since they exceed the required retention time, so it is most effective.

317

00:37:06.420 --> 00:37:25.680

Clinton Supervisor Ray Oberly: and recommended by New York state archives to hire a commercial shredder this is freeing up file cabinet and storage space, so it get rid of old stuff not permanent records that we need some stuff we got to keep 50 years but that's what this is all about so.

318

00:37:27.840 --> 00:37:49.230

Clinton Supervisor Ray Oberly: to authorize it, so I make a motion to approve the following resolution be resolved that the town board approves the June 26 shredding event and the shredding truck from record storage solutions incorporated a cost, not to exceed \$550 is there a second.

319

00:37:49.830 --> 00:37:50.550

Dean Michael: A micro second.

320

00:37:51.210 --> 00:37:52.560

Clinton Supervisor Ray Oberly: Any further discussion.

321

00:37:53.730 --> 00:37:56.010

Clinton Supervisor Ray Oberly: Overly I Cunningham.

322

00:37:56.460 --> 00:37:58.410

Clinton Supervisor Ray Oberly: hi Giuliano.

323

00:37:58.740 --> 00:38:00.330

Clinton Supervisor Ray Oberly: I being my goal.

324

00:38:00.510 --> 00:38:01.710

Clinton Supervisor Ray Oberly: I Witten.

325

00:38:02.070 --> 00:38:03.720

Clinton Supervisor Ray Oberly: I motion carrie.

326

00:38:04.410 --> 00:38:05.040

Town Clerk Carol Mackin: Thank you.

327

00:38:05.310 --> 00:38:07.800

Clinton Supervisor Ray Oberly: Okay, the next one, is what.

328

00:38:08.940 --> 00:38:10.440

Clinton Supervisor Ray Oberly: Climate smart platform.

329

00:38:11.190 --> 00:38:18.810

Michael Whitton, Councilmember: So three years into this adventure where we've

finally formed a task force will be appointing the members later in the meeting but.

330

00:38:20.160 --> 00:38:34.170

Michael Whitton, Councilmember: we're having our first official meeting at the end of the month we've got 11 Members, I think, including myself, and it's a really great group so i'm excited about it but i'd like to make a motion to approve the following resolution, be it resolved pursuant to Resolution 29th of.

331

00:38:35.610 --> 00:38:46.050

Michael Whitton, Councilmember: which established the climate smart Community task force, the town board approves the regular meeting night on the fourth Tuesday of every month at 7pm starting June 25 2021.

332

00:38:46.590 --> 00:39:00.570

Michael Whitton, Councilmember: In the Masonic hall under the suspension of little meetings lot of the committee will meet via zoom, I would like to add to this as well that are very first meeting because of a special guests will be happening actually the fifth Tuesday of the month, this month, but.

333

00:39:01.770 --> 00:39:03.210

Michael Whitton, Councilmember: Then, after that it will be the fourth Tuesday.

334

00:39:04.380 --> 00:39:05.790

Clinton Supervisor Ray Oberly: Okay, is there a second.

335

00:39:06.450 --> 00:39:07.230

Dean Michael: Be Michael second.

336

00:39:07.800 --> 00:39:09.000

Clinton Supervisor Ray Oberly: Further discussion.

337

00:39:10.200 --> 00:39:14.880

Clinton Supervisor Ray Oberly: I compliment you on moving this ahead recognition for the Community.

338

00:39:15.180 --> 00:39:15.570

Michael Whitton, Councilmember: Thank you.

339

00:39:15.990 --> 00:39:18.780

Clinton Supervisor Ray Oberly: will call overly I Cunningham.

340

00:39:19.050 --> 00:39:20.310

Clinton Supervisor Ray Oberly: hi Julia.

341

00:39:21.120 --> 00:39:24.180

Clinton Supervisor Ray Oberly: hi being Michael Witten.

342

00:39:24.570 --> 00:39:29.910

Clinton Supervisor Ray Oberly: I motion carried the next one is going to be a little long.

343

00:39:31.740 --> 00:39:33.510

Clinton Supervisor Ray Oberly: Say shortly.

344

00:39:34.740 --> 00:39:35.370

Clinton Supervisor Ray Oberly: Okay.

345

00:39:37.710 --> 00:39:42.960

Clinton Supervisor Ray Oberly: This is the cannabis marijuana law that was passed.

346

00:39:43.890 --> 00:39:44.790

up in Albany.

347

00:39:45.930 --> 00:39:57.360

Clinton Supervisor Ray Oberly: The town will need to make decisions before September 1 of 2021 so if local laws are needed there's time to enact them they got to be enacted by the end of the year.

348

00:39:58.410 --> 00:40:10.380

Clinton Supervisor Ray Oberly: Now, these are the three major things we got to consider, do we want to allow the sale of cannabis products in our town after the regulations get developed by New York state.

349

00:40:11.490 --> 00:40:25.350

Clinton Supervisor Ray Oberly: If we allow the sale, will be able to receive a 3% sales tax revenue source, if we do not approve the sale in town, we will not get any of the sales tax revenue.

350

00:40:27.390 --> 00:40:29.130

Clinton Supervisor Ray Oberly: that's from any place else.

351

00:40:30.690 --> 00:40:33.870

Clinton Supervisor Ray Oberly: Do we want to allow smoking parlors in town.

352

00:40:35.640 --> 00:40:53.400

Clinton Supervisor Ray Oberly: consider them smoking bars or whatever you want to look at it, the other one is, do we want to allow smoking out in public places know cannabis, smoking is allowed in private and public vehicle and eating places organizations can restrict smoking in their facilities and grounds.

353

00:40:54.570 --> 00:41:09.960

Clinton Supervisor Ray Oberly: All the above are subject to the town zoning as location as two locations and restrictions which must be revised so, for we want to say what these things are we going to add the word marijuana stores and all that kind of stuff.

354

00:41:10.950 --> 00:41:19.050

Clinton Supervisor Ray Oberly: There are some other possible issues once we get the new rules and regulations from the state government later this year.

355

00:41:20.070 --> 00:41:29.580

Clinton Supervisor Ray Oberly: The question I have is how do we want to get input from the Community on these three decisions to move forward on town actions so.

356

00:41:31.080 --> 00:41:35.280

Clinton Supervisor Ray Oberly: I don't know, do we want to do a web thing.

357

00:41:37.260 --> 00:41:40.950

Clinton Supervisor Ray Oberly: A mailing is like \$800 it's not that it can't be done.

358

00:41:42.270 --> 00:41:48.420

Clinton Supervisor Ray Oberly: We get maybe 10% female maybe 25 if it's great.

359

00:41:50.100 --> 00:41:52.830

Clinton Supervisor Ray Oberly: Any ideas, thoughts are other ways of doing it.

360

00:41:54.870 --> 00:41:58.770

Clinton Supervisor Ray Oberly: We gotta make it known any all three of these things,

regardless.

361

00:42:00.660 --> 00:42:11.700

Chris Juliano Councilmember: So my first concern guest question is with the fact of is that 3% that we get from the county or is that just from whatever sales that were in our town.

362

00:42:11.700 --> 00:42:13.140

Clinton Supervisor Ray Oberly: halls are tall.

363

00:42:13.470 --> 00:42:18.360

Chris Juliano Councilmember: So, and then, if we don't approve that they can still sell it is that what i'm understanding.

364

00:42:18.600 --> 00:42:20.130

Chris Juliano Councilmember: While they can okay gotcha.

365

00:42:20.160 --> 00:42:21.990

Clinton Supervisor Ray Oberly: Well, on mobile money.

366

00:42:22.380 --> 00:42:29.070

Michael Whitton, Councilmember: yeah and I think I think i'm not sure, but I think there's a sharing arrangement with the sales taxes with the county get sends us some and we wouldn't get any of it.

367

00:42:30.150 --> 00:42:31.290

Michael Whitton, Councilmember: We denied this.

368

00:42:32.130 --> 00:42:33.030

Clinton Supervisor Ray Oberly: yeah we don't go.

369

00:42:33.390 --> 00:42:33.690

yeah.

370

00:42:35.880 --> 00:42:37.650

Chris Juliano Councilmember: I think a public hearing.

371

00:42:38.400 --> 00:42:50.310

Chris Juliano Councilmember: You know, unless we have the budget, I think I do agree

with rabid the fact that you know we're spending \$100 maybe get 10% you know, put it up, for we got a couple months to do, maybe one or two public hearings.

372

00:42:52.320 --> 00:43:01.410

Clinton Supervisor Ray Oberly: It can be very exotic could be just a very as you suggested a public hearing and we can advance you know notify to people.

373

00:43:02.250 --> 00:43:09.000

Clinton Supervisor Ray Oberly: And just hold it before the next town board meeting, which is in July, so we still have time to.

374

00:43:09.540 --> 00:43:23.820

Clinton Supervisor Ray Oberly: make a decision in September and the reason I say that, generally takes three months to pass a local law in some of these things are local law things not talking just the zoning revision part, but some of the decisions which way we want to go.

375

00:43:25.020 --> 00:43:40.500

Clinton Supervisor Ray Oberly: So you know we have time, if we want to do it that way, so does that make sense, and we do a public hearing and do a PR on the web page and mail chimp and scroller and i'll put it in the newspaper that kind of stuff.

376

00:43:41.430 --> 00:43:42.480

Dean Michael: yeah maybe we'll do something.

377

00:43:43.770 --> 00:43:44.430

Dean Michael: Look, for input.

378

00:43:44.910 --> 00:43:47.100

Dean Michael: Well, I could just see this as being the next ag event.

379

00:43:47.700 --> 00:43:49.350

Chris Juliano Councilmember: yeah yeah.

380

00:43:51.060 --> 00:44:00.570

Michael Whitton, Councilmember: I get concerned I mean I obviously want to always here with the public as to say, but at the same time, I feel like we were elected to make these decisions.

381

00:44:02.010 --> 00:44:02.310

Michael Whitton, Councilmember: yeah.

382

00:44:03.030 --> 00:44:06.720

Clinton Supervisor Ray Oberly: it's one of these it's a little different than we typically do.

383

00:44:06.960 --> 00:44:13.950

Clinton Supervisor Ray Oberly: yeah well know if it's a bridge close that's easy everybody says we got to have a bridge this.

384

00:44:14.160 --> 00:44:18.510

Chris Juliano Councilmember: Is anyone have any opinions on this either way yet or not enough to.

385

00:44:20.760 --> 00:44:21.540

Dean Michael: have opinions.

386

00:44:22.110 --> 00:44:33.900

Clinton Supervisor Ray Oberly: Other town board meeting meetings but groups where the supervisors meeting now there's no clear definition across the county as to which way they're going some.

387

00:44:33.990 --> 00:44:35.340

Clinton Supervisor Ray Oberly: Going with.

388

00:44:36.690 --> 00:44:39.450

Clinton Supervisor Ray Oberly: sales and some are going no sales.

389

00:44:39.930 --> 00:44:44.010

Michael Whitton, Councilmember: And I think it's a difficult situation because they haven't really given much guidance yet.

390

00:44:44.100 --> 00:44:44.910

Clinton Supervisor Ray Oberly: No, you don't you.

391

00:44:45.210 --> 00:44:48.690

Michael Whitton, Councilmember: haven't even set up all of the marijuana boards, or whatever it's going to be that.

392

00:44:48.810 --> 00:44:49.380  
one.

393

00:44:53.070 --> 00:44:57.390

Michael Whitton, Councilmember: i'm sorry I also heard that if we did decide, say, do not allow it.

394

00:44:58.740 --> 00:45:05.010

Michael Whitton, Councilmember: That there's a there's something in the law that says, people can have a petition to put it as a referendum this November.

395

00:45:06.330 --> 00:45:08.010

Michael Whitton, Councilmember: Instead of us making a decision.

396

00:45:09.180 --> 00:45:19.110

Clinton Supervisor Ray Oberly: I don't know I it's a detail I just don't know I mean this is very fluid there's no State information that's really detailed.

397

00:45:19.980 --> 00:45:20.340

So.

398

00:45:21.960 --> 00:45:30.000

Chris Juliano Councilmember: So, so this is, this is about selling it or is it also have a definitive of growing it and selling it is it like as an.

399

00:45:31.080 --> 00:45:35.490

Clinton Supervisor Ray Oberly: Restrictions on growing and stuff like that, but that's not within our purview that state.

400

00:45:36.600 --> 00:45:37.080

Michael Whitton, Councilmember: yeah we.

401

00:45:37.320 --> 00:45:49.080

Michael Whitton, Councilmember: We need to approve allowing dispensary's sell it which honestly I don't think the town of Clinton necessarily would probably be a great place for a dispensary.

402

00:45:49.500 --> 00:45:57.270

Michael Whitton, Councilmember: And then I don't know what they're called but basically a smoking bar it's like a Barber where you smoke weed they wouldn't they

don't have both to happen, you can't drink at these places, and you can.

403

00:45:57.360 --> 00:45:57.720

yeah.

404

00:46:01.560 --> 00:46:11.640

Clinton Supervisor Ray Oberly: But you know we can set it up for July and let the public at least have the opportunity, and nobody wants to get involved, we just make a decision.

405

00:46:12.390 --> 00:46:21.690

Michael Whitton, Councilmember: Did you read, did you go to that there was like a webinar from law firm recently I can send you guys, the link it's a YouTube video now they they put on YouTube.

406

00:46:22.200 --> 00:46:23.910

Michael Whitton, Councilmember: And there's like an hour long thing with all sorts of.

407

00:46:23.910 --> 00:46:25.200

Michael Whitton, Councilmember: Questions I can I can.

408

00:46:26.220 --> 00:46:30.930

Clinton Supervisor Ray Oberly: build several of them and they're all very superficial at this point.

409

00:46:31.380 --> 00:46:41.670

Clinton Supervisor Ray Oberly: Because they're all waiting for what all these going to do exactly yeah so I just tried to highlight the stuff that we need to start thinking and talking about it.

410

00:46:43.860 --> 00:46:50.610

Clinton Supervisor Ray Oberly: OK so moving on public area before the next thing we'll go full Court press on advertising it.

411

00:46:51.960 --> 00:46:52.560

Clinton Supervisor Ray Oberly: If we are.

412

00:46:54.690 --> 00:46:55.980

Chris Juliano Councilmember: i'm fine with the public hearing.

413

00:46:56.580 --> 00:47:00.000

Clinton Supervisor Ray Oberly: yeah okay kyle you're ready for publication notice, then.

414

00:47:00.510 --> 00:47:04.050

Clinton Supervisor Ray Oberly: ready Okay, I make emotion that the town board.

415

00:47:08.280 --> 00:47:19.560

Clinton Supervisor Ray Oberly: That the board approves the following resolution be resolved that the town board approves having a public hearing on cannabis on that date.

416

00:47:20.550 --> 00:47:22.140

Town Clerk Carol Mackin: I think it's July 13.

417

00:47:24.360 --> 00:47:28.110

Chris Juliano Councilmember: Is that the next meeting, yes, often okay like.

418

00:47:30.780 --> 00:47:32.040

Town Clerk Carol Mackin: i'm not so sure about that.

419

00:47:36.150 --> 00:47:38.100

Clinton Supervisor Ray Oberly: She said six o'clock.

420

00:47:39.540 --> 00:47:42.540

Town Clerk Carol Mackin: Six o'clock to leave some time for people to comment would be.

421

00:47:42.540 --> 00:47:44.520

Clinton Supervisor Ray Oberly: Good boy she also have.

422

00:47:46.710 --> 00:47:49.290

Clinton Supervisor Ray Oberly: Local law stuff for beings.

423

00:47:49.950 --> 00:47:55.170

Town Clerk Carol Mackin: Well we're going to introduce that epic July meeting so that will follow for public hearing in August.

424

00:47:55.170 --> 00:48:03.330

Clinton Supervisor Ray Oberly: Okay Okay, so we have a half yeah I don't know but we'll just go for that if if you need it well we'll just wait.

425

00:48:04.410 --> 00:48:05.940

Clinton Supervisor Ray Oberly: Okay, is there a second.

426

00:48:07.260 --> 00:48:08.370

Chris Juliano Councilmember: It really no second.

427

00:48:09.450 --> 00:48:14.100

Clinton Supervisor Ray Oberly: Okay roll call overly I pointing him.

428

00:48:14.790 --> 00:48:15.330

Now.

429

00:48:16.530 --> 00:48:17.700

Clinton Supervisor Ray Oberly: Giuliano.

430

00:48:19.230 --> 00:48:19.830

Clinton Supervisor Ray Oberly: Being.

431

00:48:20.460 --> 00:48:21.870

Clinton Supervisor Ray Oberly: I Witten.

432

00:48:22.500 --> 00:48:24.480

Clinton Supervisor Ray Oberly: I motion caring.

433

00:48:25.860 --> 00:48:27.870

Clinton Supervisor Ray Oberly: To move that along.

434

00:48:29.730 --> 00:48:41.070

Clinton Supervisor Ray Oberly: Okay Now this is even more nebulous and more confusing, so this is the aarp as you've probably seen it's called the American rescue plan.

435

00:48:42.420 --> 00:48:47.880

Clinton Supervisor Ray Oberly: This is what I think this is the \$1.9 trillion.

436

00:48:49.170 --> 00:48:54.240

Clinton Supervisor Ray Oberly: Recovery Plan from President Biden's administration so.

437

00:48:56.310 --> 00:49:09.390

Clinton Supervisor Ray Oberly: The US Treasury is starting to make available draft of the rules for implementing ARP these rules are coming from 150 page federal law, which in many cases is very gentle.

438

00:49:10.650 --> 00:49:19.230

Clinton Supervisor Ray Oberly: There are great dairy is that we have no ability to apply for like water and sewer infrastructure, since we have none of these facilities.

439

00:49:20.700 --> 00:49:44.310

Clinton Supervisor Ray Oberly: The ARP funds are being sent to the Treasury by the Treasury to the State to distribute to towns, based on population, we expect around \$400,000 be being given to the town of Clinton in two payments in late 2021 and a year later in 2022.

440

00:49:45.360 --> 00:49:54.750

Clinton Supervisor Ray Oberly: All funds must be committed by year in 2024 and payments made to vendors by year 2026.

441

00:49:56.250 --> 00:50:01.500

Clinton Supervisor Ray Oberly: Possible eligible grant uses responding to public health.

442

00:50:01.500 --> 00:50:03.120

Clinton Supervisor Ray Oberly: Emergency, which is considered.

443

00:50:03.120 --> 00:50:10.860

Clinton Supervisor Ray Oberly: COVID 19 and associated negative economic impacts like restaurants and stores and stuff like that.

444

00:50:12.030 --> 00:50:22.470

Clinton Supervisor Ray Oberly: replace town revenue losses due to COVID we don't know if that is by line item, for example, will say court fees.

445

00:50:23.550 --> 00:50:30.300

Clinton Supervisor Ray Oberly: Or is it the total bottom line of the town budget don't know that subtlety.

446

00:50:31.500 --> 00:50:39.570

Clinton Supervisor Ray Oberly: Being premium paid for essential workers, I don't know that we've had it, we have to research that but it's a very narrow focus.

447

00:50:40.560 --> 00:50:52.170

Clinton Supervisor Ray Oberly: broadband infrastructure cybersecurity security, including cyber security now there's possible funding, also from the county aarp funds on broad bending.

448

00:50:52.650 --> 00:51:12.210

Clinton Supervisor Ray Oberly: we're trying to figure out exactly how they would help us out, for example, stretching a line along Kansas road, for example, the other part, is I don't know if a person who is say 500 feet off at a major highway were wires are going.

449

00:51:13.230 --> 00:51:29.610

Clinton Supervisor Ray Oberly: Would they pay the hookup see and I could be like \$5,000 to put them up the broadband to question and whether that would be our money to do, or whether the county is picking that up we're still in discussions on that one.

450

00:51:31.080 --> 00:51:43.620

Clinton Supervisor Ray Oberly: The other one is, they say, sometimes highway infrastructure, but we really the more research to confirm, because it comes in, essentially three pieces one.

451

00:51:44.130 --> 00:52:02.880

Clinton Supervisor Ray Oberly: The physical Mike mcadams of roads and oil and styling that kind of stuff the other one is bridges big covert that kind of stuff and the last one is can we buy a truck for it or bulldoze or whatever you know we don't know that detail so.

452

00:52:04.170 --> 00:52:06.150

Clinton Supervisor Ray Oberly: here's the ineligible uses.

453

00:52:08.160 --> 00:52:10.560

Clinton Supervisor Ray Oberly: can be used to reduce taxes.

454

00:52:11.880 --> 00:52:23.880

Clinton Supervisor Ray Oberly: which everybody would love to have done place in reserve fund for future projects where you're saying you know hey I think I may need a new senior centers and paper you know five years from now.

455

00:52:24.900 --> 00:52:30.990

Clinton Supervisor Ray Oberly: And you can't pay for operating expenses like electric bills or salaries and stuff like that.

456

00:52:32.910 --> 00:52:33.420

Clinton Supervisor Ray Oberly: Now.

457

00:52:34.680 --> 00:52:35.220

Clinton Supervisor Ray Oberly: This is.

458

00:52:36.330 --> 00:52:38.670

Clinton Supervisor Ray Oberly: Continually moving ahead.

459

00:52:40.830 --> 00:52:54.900

Clinton Supervisor Ray Oberly: How do you think we should move ahead to develop projects to undertake with this a rp funding, again, we cannot committee formed, we can do a public thing we can.

460

00:52:56.130 --> 00:52:56.940

Clinton Supervisor Ray Oberly: Possibly.

461

00:52:57.990 --> 00:53:06.450

Clinton Supervisor Ray Oberly: Everybody comes together next month with a list of what you think may fit in an hour I can give you more paper than you need but.

462

00:53:07.650 --> 00:53:10.710

Clinton Supervisor Ray Oberly: You got to read it, just like I gotta read it, to see what fits and done.

463

00:53:11.940 --> 00:53:21.660

Clinton Supervisor Ray Oberly: And then we can have a public hearing on it, or we can just start moving forward on it, if we get an enough definition from.

464

00:53:22.470 --> 00:53:38.070

Clinton Supervisor Ray Oberly: The Treasury Department they're the ones that actually establishing all the rules on this, and then the other part, is the real money will not become Now this is different, this is where the money comes when we spend it.

465

00:53:40.530 --> 00:53:45.420

Clinton Supervisor Ray Oberly: And if we spend it on something that is not approved by.

466

00:53:47.310 --> 00:53:52.920

Clinton Supervisor Ray Oberly: The Treasury Department that we get paid for that money out of our budget so.

467

00:53:54.180 --> 00:54:12.480

Clinton Supervisor Ray Oberly: Real tricky thing, so a lot of inner relationship that's going to have to be developed between the town and the Treasury Department person, whoever that contact person is and I don't know who that is so I just offer several different ways that we've got to move.

468

00:54:13.740 --> 00:54:20.310

Clinton Supervisor Ray Oberly: So I don't expect the state to give us money until probably maybe September.

469

00:54:22.440 --> 00:54:31.410

Chris Juliano Councilmember: So maybe maybe I mean it can be emailed is you have it all printed out or dude can we sit can see the emails all the requirements.

470

00:54:31.500 --> 00:54:35.340

Clinton Supervisor Ray Oberly: Oh, he said I got onto paper here, I can send you.

471

00:54:36.360 --> 00:54:36.750

Chris Juliano Councilmember: Okay.

472

00:54:36.840 --> 00:54:41.370

Clinton Supervisor Ray Oberly: Well i'll just read it by geico and you know and i've been.

473

00:54:43.020 --> 00:54:56.730

Clinton Supervisor Ray Oberly: Tapping you on a lot of the presentations that i've received on this, whether you listened to him I don't know, but so it's coming out but they're all in pretty much general.

474

00:54:57.750 --> 00:55:24.570

Clinton Supervisor Ray Oberly: Discussion points they're not like, for example, I said on lost revenue is it because the judges lost revenue, because there are no cars on the road so nobody's speeding and nobody's getting a fine or is it the total for all of last year, did we have a net loss in our budget I don't know.

475

00:55:25.680 --> 00:55:40.440

Clinton Supervisor Ray Oberly: Obviously we had surplus money, so in that case it doesn't apply, so I don't know if you do it on a top line numbers no revenue line or what I just haven't gotten that level of detail.

476

00:55:41.100 --> 00:55:51.990

Chris Juliano Councilmember: Well, I think it'd be good that you know all of us as board members get to try to maybe get her interpretation that we can meet together back on there to kind of see how we all interpret it, since it is kind of vague if that's what you're saying.

477

00:55:52.980 --> 00:56:01.170

Chris Juliano Councilmember: And then we can make another when do we need to have a defined you know for the visa we're saying this was coming September right, so we have.

478

00:56:01.200 --> 00:56:04.830

Clinton Supervisor Ray Oberly: bought that's when the money is coming, but we can spend it.

479

00:56:06.810 --> 00:56:08.940

Chris Juliano Councilmember: We have till 2024 to make sure.

480

00:56:09.000 --> 00:56:10.440

Michael Whitton, Councilmember: That the 24.

481

00:56:10.590 --> 00:56:11.190

yeah.

482

00:56:12.960 --> 00:56:18.330

Clinton Supervisor Ray Oberly: But you gotta you know we can have a workshop we don't need a public hearing have a workshop up the public.

483

00:56:18.330 --> 00:56:19.470

Chris Juliano Councilmember: yeah yeah.

484

00:56:19.980 --> 00:56:20.760

Chris Juliano Councilmember: that's fine.

485

00:56:21.150 --> 00:56:33.660

Clinton Supervisor Ray Oberly: I mean you know there's different ways of doing I just didn't want to arbitrarily say we're going to do it this way when you think home might be better doing it some other way that's all i'm asking for what do I want us to go.

486

00:56:34.350 --> 00:56:46.830

Chris Juliano Councilmember: Of the idea that Mike says there you know public workshop with us, you know where we can sit there and go through it all of us can read it and get our interpretations and trying to put the best foot forward to spend it yeah.

487

00:56:46.950 --> 00:56:53.250

Clinton Supervisor Ray Oberly: And the thing i'm trying to do is move this along because come.

488

00:56:54.810 --> 00:57:01.650

Clinton Supervisor Ray Oberly: middle of September through election day we're going to be busy with the budget.

489

00:57:02.880 --> 00:57:10.470

Clinton Supervisor Ray Oberly: will have one meeting a week on the budget process, and you know don't want to get all those numbers messed up.

490

00:57:11.910 --> 00:57:23.280

Clinton Supervisor Ray Oberly: And I don't know if we will fold this in to the budget, you know as a line item, or what I just haven't thought about it and talked with.

491

00:57:24.780 --> 00:57:40.170

Clinton Supervisor Ray Oberly: The bookkeeping staff to figure out what's the best way to keep track of it because, as you can see it it's a multi year thing, so if you put it in the budget, I don't want it to be wiped off and put in a surplus funds, and now you lose the money.

492

00:57:41.340 --> 00:57:51.510

Clinton Supervisor Ray Oberly: yeah so it has to be creative bookkeeping to figure out how to do this, but we got to start thinking about what do we want.

493

00:57:52.950 --> 00:57:56.610

Clinton Supervisor Ray Oberly: And what's the county going to do, because the county wants to help support us to.

494

00:57:59.100 --> 00:58:00.450

Clinton Supervisor Ray Oberly: Just need to figure it out.

495

00:58:03.420 --> 00:58:04.680

Nancy Cunningham, Councilwoman: you're going to send us.

496

00:58:06.660 --> 00:58:09.030

Clinton Supervisor Ray Oberly: Oh yeah i'll send you all this stuff that's not a problem.

497

00:58:10.290 --> 00:58:13.110

Clinton Supervisor Ray Oberly: But what we wanted after we get it all.

498

00:58:16.290 --> 00:58:19.680

Clinton Supervisor Ray Oberly: We want to set up a workshop now and.

499

00:58:20.940 --> 00:58:21.720

Clinton Supervisor Ray Oberly: end of June.

500

00:58:21.780 --> 00:58:27.060

Dean Michael: And the boat like Chris said, I think we need to know a little bit more detail as to what we can what we can't do so.

501

00:58:28.110 --> 00:58:31.770

Dean Michael: You were unclear on a couple of things, but want to just send that email out, and then we can.

502

00:58:32.820 --> 00:58:36.090

Dean Michael: We can think about things that we think that should be.

503

00:58:37.620 --> 00:58:38.490

Clinton Supervisor Ray Oberly: And i'm just.

504

00:58:39.510 --> 00:58:40.500

Clinton Supervisor Ray Oberly: You know well there's.

505

00:58:41.310 --> 00:58:49.830

Michael Whitton, Councilmember: Some time involved because we haven't told say the end of 2024 I think this is probably a good discussion for during the budget workshops as well, maybe there are things that.

506

00:58:51.060 --> 00:58:55.740

Michael Whitton, Councilmember: You know that these funds would be eligible to be spent on, and then we have extra room in our budget.

507

00:58:57.750 --> 00:59:00.420

Michael Whitton, Councilmember: They might be able to happen at the same time as I guess what i'm saying hey I.

508

00:59:00.930 --> 00:59:01.260

Michael Whitton, Councilmember: know.

509

00:59:01.410 --> 00:59:19.320

Clinton Supervisor Ray Oberly: Under budget cycle, what we really hit it in October, every day, every week, we have a meeting yeah i'm fully devoted and they can all the changes in corrections to the budget between the two meetings you know the meeting every week so.

510

00:59:20.520 --> 00:59:39.750

Clinton Supervisor Ray Oberly: Someone else will have to take the lead, somebody can do it i'm not you know saying I gotta be the only one, but just realize I won't be able to do all of it simultaneously trying trying to get some of this stuff done before that cycle, because I know it's going to be very busy okay.

511

00:59:41.400 --> 00:59:43.410

Chris Juliano Councilmember: I could help out with the taking lead on that.

512

00:59:44.370 --> 00:59:48.120

Clinton Supervisor Ray Oberly: Okay, so okay i'll send that all out to you.

513

00:59:53.610 --> 00:59:56.130

Clinton Supervisor Ray Oberly: Okay, the next one.

514

01:00:01.980 --> 01:00:05.850

Clinton Supervisor Ray Oberly: I sent you an email with a lot of detail, so this is.

515

01:00:06.990 --> 01:00:09.660

Clinton Supervisor Ray Oberly: Mostly for public not for.

516

01:00:10.770 --> 01:00:12.810

Clinton Supervisor Ray Oberly: For you all, but you can hear it anyway.

517

01:00:15.960 --> 01:00:16.860

Clinton Supervisor Ray Oberly: We met with.

518

01:00:18.060 --> 01:00:21.090

Clinton Supervisor Ray Oberly: Marshall and sterling who i'm sure you all heard of.

519

01:00:24.690 --> 01:00:27.150

Clinton Supervisor Ray Oberly: stephanie and I, but two weeks ago.

520

01:00:28.800 --> 01:00:46.050

Clinton Supervisor Ray Oberly: Our current family broker operation mid Hudson VIP in new paltz has become slow or negligent and providing insurance support to us and our employees for the last year stuffy and I met with Marshall and sterling's to evaluate the services they can provide.

521

01:00:47.160 --> 01:00:58.350

Clinton Supervisor Ray Oberly: As you are aware, marshalling sterling is a large organization that can provide support in depth and more services that we can get through the MID Hudson VIP.

522

01:00:59.670 --> 01:01:12.030

Clinton Supervisor Ray Oberly: The mvp rates, which is the policy that we have for medical for the various policies are all the same for all brokers, so there is no price benefit either way we don't get any money that way.

523

01:01:13.410 --> 01:01:23.310

Clinton Supervisor Ray Oberly: We need timely support to get our employees and get ours and the employees questions answered as they arise additionally.

524

01:01:24.210 --> 01:01:37.290

Clinton Supervisor Ray Oberly: We need to make the change before the start of the 2022 budget so that we have the latest rates during the budget process, the rate the change would.

525

01:01:38.220 --> 01:01:56.040

Clinton Supervisor Ray Oberly: Come effective on July 1 2021 and so it's not of finance thing it's a service thing, and they can help provide a lot of extra support for free, then we can get.

526

01:01:57.150 --> 01:01:59.280

Clinton Supervisor Ray Oberly: Through this mid Hudson VIP.

527

01:02:00.780 --> 01:02:06.210

Clinton Supervisor Ray Oberly: i'm sure there's other big companies are there in poughkeepsie they're close and convenient.

528

01:02:07.980 --> 01:02:21.180

Clinton Supervisor Ray Oberly: This is not something you can always do over the fax machine over the emails and stuff like that there are occasions where people have to talk to people about particular unique.

529

01:02:22.440 --> 01:02:39.870

Clinton Supervisor Ray Oberly: mvp situations and stuff like that which you know we can direct them and answer some of the questions, but we don't want to be the filter all the way through on all of these things so that that's the background and I made mention of it before.

530

01:02:41.400 --> 01:02:41.820

So.

531

01:02:43.830 --> 01:02:54.150

Chris Juliano Councilmember: So so basically we've had cases with the other insurance provider that we've been waiting had a week was like are like a week for an.

532

01:02:54.840 --> 01:02:56.280

hour several weeks and somebody.

533

01:02:57.360 --> 01:03:09.120

Clinton Supervisor Ray Oberly: Like some employees, want to know how the benefits are going to apply when they retire or not retire, you know that kind of stuff that we're going through with several employees.

534

01:03:09.960 --> 01:03:18.690

Clinton Supervisor Ray Oberly: And we don't have a mean stephanie and I did not have the expertise and we tried to hook them up with the other company and.

535

01:03:19.380 --> 01:03:27.180

Clinton Supervisor Ray Oberly: it's like two three weeks until they get back, and you know they get frustrated we look like we're incompetent.

536

01:03:27.750 --> 01:03:40.260

Clinton Supervisor Ray Oberly: So that's that's the deal, so it become more evident in the last three four months, where this really started hitting home and we're going to have to go through this looking at.

537

01:03:43.200 --> 01:04:03.300

Clinton Supervisor Ray Oberly: And we made no decisions but looking at the time we're going to change which policy and mvp Okay, the guys like in the highway department mvp so that mvp is that usually but they have like 12 different policies which one makes the best sense we could stay with what we have.

538

01:04:04.470 --> 01:04:14.940

Clinton Supervisor Ray Oberly: We can pick another one, and then gather you know go through that because I need those numbers in the budget cycle to put in the budget numbers, so we can see.

539

01:04:16.170 --> 01:04:16.740

Clinton Supervisor Ray Oberly: and

540

01:04:18.450 --> 01:04:25.890

Clinton Supervisor Ray Oberly: You know we'll all be party to that decision of what planet is once we can evaluate several of these.

541

01:04:26.490 --> 01:04:32.610

Chris Juliano Councilmember: To set a curiosity this plans for the health insurance going through that I know something that came up in.

542

01:04:33.930 --> 01:04:41.610

Chris Juliano Councilmember: My business that we had the option to offer different

plans for different employees is with the town we're trying to keep everything on one plan.

543

01:04:41.670 --> 01:04:44.700

Chris Juliano Councilmember: One yeah okay that's that's what I did the same thing.

544

01:04:44.760 --> 01:04:46.620

Clinton Supervisor Ray Oberly: we're we're small.

545

01:04:47.550 --> 01:04:49.770

Clinton Supervisor Ray Oberly: And I am taking care of it.

546

01:04:50.130 --> 01:04:52.320

Dean Michael: Nice ugly our Union contract.

547

01:04:52.350 --> 01:05:06.540

Dean Michael: negotiates and basically puts us with the mvp plan so pretty much everybody else is getting it just because there's only a few other people outside of the Union employees that they even have it yeah.

548

01:05:06.900 --> 01:05:15.870

Clinton Supervisor Ray Oberly: Now I got a letter from mvp yesterday saying they've put in for seven dot 7% increase in rates.

549

01:05:17.610 --> 01:05:27.000

Clinton Supervisor Ray Oberly: Now, who knows what the actual number is going to be if I don't get anything better than that I may put it in for 8% just for starter in a tentative budget.

550

01:05:27.810 --> 01:05:48.630

Clinton Supervisor Ray Oberly: Come October we may get better numbers Okay, but I got to put something in that number it goes it's been as high as 15% that i've been given and as low as 4% so it's it's a gamble you just never know so that's another reason why i'm trying to move these headquarters and we may find.

551

01:05:49.650 --> 01:06:05.190

Clinton Supervisor Ray Oberly: will change the policy still mvp and we got to now sell with the hiring people to so we haven't done any of that analysis and if somebody knows how to do that very easily fine i'll let you.

552

01:06:05.760 --> 01:06:13.470

Clinton Supervisor Ray Oberly: Look at over and tell me what but you know i'm just trying to bring the issues that we can move on.

553

01:06:14.310 --> 01:06:27.510

Dean Michael: So I don't have any objection to to switch into Marshall and sterling and and certainly I have personally had tried to deal with the company in new balls and i've had a very poor experience over the last six years.

554

01:06:28.650 --> 01:06:35.550

Dean Michael: Especially when we're negotiating the Union contract, but basically saying that Marshall and sterling is going to provide.

555

01:06:36.780 --> 01:06:47.490

Dean Michael: A better service than anybody else I don't I don't think that's a great statement there's a lot of other health insurance companies that specialize in health insurance, I could provide equal.

556

01:06:47.550 --> 01:06:55.530

Dean Michael: amount of service, again I don't really care that we go to Marshall and sterling because i've heard i've had complaints with Marshall and sterling to I mean so.

557

01:06:56.730 --> 01:07:00.870

Dean Michael: What that particular company in new Paul says not provide us with the service.

558

01:07:01.050 --> 01:07:02.760

Dean Michael: So I definitely think that we should be switching.

559

01:07:02.760 --> 01:07:03.270

Dean Michael: from them.

560

01:07:04.890 --> 01:07:18.480

Dean Michael: And so either case it doesn't really matter, but I do believe that there's other companies that we could have certainly you know gone with it is easier, just to deal with one company, but that doesn't necessarily mean we're we're going to get the best service either.

561

01:07:18.990 --> 01:07:19.410

yeah.

562

01:07:20.700 --> 01:07:21.360

Clinton Supervisor Ray Oberly: And I say.

563

01:07:22.890 --> 01:07:32.670

Clinton Supervisor Ray Oberly: been with the other company a long time, but it's really deteriorated in the last few years and in the last few months it's gotten bad.

564

01:07:33.900 --> 01:07:36.570

Dean Michael: yeah I think the you know it's it's basically a.

565

01:07:37.680 --> 01:07:41.070

Dean Michael: son that was taking over for someone else and just.

566

01:07:41.790 --> 01:07:47.430

Clinton Supervisor Ray Oberly: The Father owns the business the sun took over when rose left, who was our web.

567

01:07:48.810 --> 01:07:59.850

Clinton Supervisor Ray Oberly: And she was very responsive, but when she left to go with her husband, with a new job the sun took over and he's not been responsible enough.

568

01:08:00.090 --> 01:08:02.880

Dean Michael: No, I agree that we need to switch out of there yeah.

569

01:08:05.460 --> 01:08:10.320

Chris Juliano Councilmember: But I mean what do you suggest, as possible interview, you know you sit down and you.

570

01:08:10.350 --> 01:08:12.090

Dean Michael: know our price is not going to change from.

571

01:08:12.090 --> 01:08:21.810

Dean Michael: Company to company so again it doesn't really matter I mean grey's got to deal with a more than anybody else I only you know dealt with them every three years, when we have the Union contract.

572

01:08:22.230 --> 01:08:27.030

Dean Michael: Other than that, oh I don't typically deal with them so Ray feels comfortable in dealing with Marshall and sterling.

573

01:08:27.510 --> 01:08:33.300

Dean Michael: I mean that's fine by me it's just you know i'm just saying that there's other companies that could provide the same service.

574

01:08:34.260 --> 01:08:47.190

Dean Michael: it's and and I do know, we have some of our liability policies with with them, so you may be just as easy to use one company, but that doesn't necessarily mean that you're getting the best service so.

575

01:08:50.880 --> 01:08:52.170

Clinton Supervisor Ray Oberly: Any further discussion.

576

01:08:53.820 --> 01:09:08.790

Clinton Supervisor Ray Oberly: Okay emotion see what happens, make a motion to approve the following resolution resolved at the town board approved Marshall and sterling as a medical insurance broker effective July 1 2021 is there a second.

577

01:09:10.530 --> 01:09:11.370

Dean Michael: Wait a second.

578

01:09:12.180 --> 01:09:13.380

Clinton Supervisor Ray Oberly: Any further discussion.

579

01:09:15.180 --> 01:09:22.260

Chris Juliano Councilmember: me what's the worst that can basically have we make a change we try out some, I guess, I mean unless we're trying to.

580

01:09:22.380 --> 01:09:26.040

Dean Michael: pick out a piece still going to be mvp and their prices are going to be the price it's.

581

01:09:26.130 --> 01:09:29.250

Dean Michael: Just yeah who's gonna who's going to be our contact that's all.

582

01:09:29.580 --> 01:09:30.120

Clinton Supervisor Ray Oberly: Oh yeah.

583

01:09:30.690 --> 01:09:34.560

Chris Juliano Councilmember: Well, if you're saying at that point, you had an issue with the other one, yes, you can't get any.

584

01:09:34.650 --> 01:09:35.250

worse.

585

01:09:38.040 --> 01:09:43.560

Clinton Supervisor Ray Oberly: Okay roll call overly I Cunningham, Giuliano.

586

01:09:44.040 --> 01:09:45.240

Clinton Supervisor Ray Oberly: hi being.

587

01:09:45.570 --> 01:09:46.830

Clinton Supervisor Ray Oberly: I wouldn't.

588

01:09:47.220 --> 01:09:53.460

Clinton Supervisor Ray Oberly: I motion carrie Thank you next one now is let park.

589

01:09:54.420 --> 01:09:58.230

Michael Whitton, Councilmember: So corey Gallagher grew up in the town of Clinton.

590

01:09:59.250 --> 01:10:15.000

Michael Whitton, Councilmember: He was talented basketball player tennis player, a very talented musician that at a young age, produced and recorded his own EP that he released, and unfortunately this past march corey passed away suddenly and.

591

01:10:16.110 --> 01:10:24.570

Michael Whitton, Councilmember: carolyn I had the pleasure of meeting with corey his mother and his friends this past Saturday at the Clinton REC park they.

592

01:10:25.620 --> 01:10:27.420

Michael Whitton, Councilmember: Are at the friend mark mark sorry and.

593

01:10:28.500 --> 01:10:36.060

Michael Whitton, Councilmember: They are looking to hold a basketball tournament on August 1 to help raise funds for.

594

01:10:37.410 --> 01:10:43.260

Michael Whitton, Councilmember: A scholarship fund for corey and they would like to also and I agree.

595

01:10:45.120 --> 01:10:47.400

Michael Whitton, Councilmember: rename the basketball court and corey is honor.

596

01:10:48.750 --> 01:10:51.030

Michael Whitton, Councilmember: He spent a lot of time there with his friends.

597

01:10:52.860 --> 01:10:56.310

Michael Whitton, Councilmember: These young people I gotta say were extremely impressive, the other day.

598

01:10:58.020 --> 01:11:02.400

Michael Whitton, Councilmember: i'm kind of proud to know that they live in our town and that they care so much about our town and.

599

01:11:04.110 --> 01:11:05.850

Michael Whitton, Councilmember: I was impressed so.

600

01:11:06.930 --> 01:11:09.690

Michael Whitton, Councilmember: i'd like to make a motion to approve the following resolution.

601

01:11:10.080 --> 01:11:19.350

Michael Whitton, Councilmember: The resolve that the town board approved naming the basketball court corey Gallagher memorial basketball court friend mark wreck park and honor of a Clinton resident who recently passed away.

602

01:11:19.860 --> 01:11:28.230

Michael Whitton, Councilmember: And further to approve a basketball tournament fundraiser co sponsored by the REC department to support a scholarship and his name on August 1 2021.

603

01:11:28.710 --> 01:11:29.760

Clinton Supervisor Ray Oberly: And second.

604

01:11:30.090 --> 01:11:31.230

Chris Juliano Councilmember: Giuliana second.

605

01:11:31.890 --> 01:11:33.120

Clinton Supervisor Ray Oberly: Further discussion.

606

01:11:33.420 --> 01:11:34.320

Dean Michael: yeah I thought.

607

01:11:35.340 --> 01:11:36.990

Dean Michael: They were coming to us to.

608

01:11:38.250 --> 01:11:40.320

Dean Michael: build something or do something.

609

01:11:41.490 --> 01:11:43.560

Dean Michael: I thought that's what originally the intent was.

610

01:11:43.800 --> 01:11:56.760

Michael Whitton, Councilmember: While they're there they were interested in renaming the basketball court, there is also an idea that was floated about putting up a gazebo and his name but that's going to require much more planning and more than just the town board making emotion.

611

01:11:58.080 --> 01:12:03.420

Michael Whitton, Councilmember: So we are assisting in the hopefully renaming the basketball court and.

612

01:12:04.860 --> 01:12:13.410

Michael Whitton, Councilmember: Since it's, you know as a small group of young people doing this we thought if we could co sponsor it then the liability insurance for.

613

01:12:14.490 --> 01:12:20.670

Michael Whitton, Councilmember: The basketball tournament could would not have to they wouldn't have to go out and purchase their own liability insurance, we could just help with that and help with some of the planning.

614

01:12:21.270 --> 01:12:27.210

Town Clerk Carol Mackin: we're trying to Dan and Dan can help with the whole basketball planning into would be active as well.

615

01:12:27.780 --> 01:12:28.440

Michael Whitton, Councilmember: we're trying to.

616

01:12:28.470 --> 01:12:41.550

Dean Michael: i'm just more I don't know kind of concerned about the precedent that we have by naming something we don't even have a name on it so it's not even named you know initially.

617

01:12:42.510 --> 01:12:54.720

Dean Michael: But to say that one person should have something named in your honor I know that we you know, we have, in particular, you know next to the town.

618

01:12:57.300 --> 01:12:57.690

Dean Michael: hall.

619

01:12:57.900 --> 01:13:05.580

Dean Michael: Is the gazebo but the gazebo itself was donated and and that's why it's named in.

620

01:13:07.230 --> 01:13:08.010

Dean Michael: betty's honor.

621

01:13:09.030 --> 01:13:18.000

Dean Michael: And you know the the funds to build the the Court were given by Betty Davis in in honor of her.

622

01:13:19.140 --> 01:13:20.040

Dean Michael: You know her husband.

623

01:13:21.240 --> 01:13:29.610

Dean Michael: Here we're naming something that really was spent with town money and we're now asking to rename it.

624

01:13:33.180 --> 01:13:37.110

Dean Michael: I I just kind of feel funny about the precedents that we're making.

625

01:13:37.890 --> 01:13:40.980

Clinton Supervisor Ray Oberly: we've also named friend mark park.

626

01:13:42.210 --> 01:13:49.530

Clinton Supervisor Ray Oberly: After Francis mark, who was on the town board and all that stuff too, so I mean named other things.

627

01:13:51.390 --> 01:13:57.420

Nancy Cunningham, Councilwoman: But that was donated I mean that there were monetary donations that went with that correct.

628

01:13:58.260 --> 01:13:58.770

Clinton Supervisor Ray Oberly: play law of.

629

01:13:59.670 --> 01:14:01.170

Nancy Cunningham, Councilwoman: The land and so on.

630

01:14:01.890 --> 01:14:03.120

Clinton Supervisor Ray Oberly: No she had nothing to do with.

631

01:14:03.780 --> 01:14:04.620

Clinton Supervisor Ray Oberly: No, no.

632

01:14:06.930 --> 01:14:10.290

Chris Juliano Councilmember: i'm sorry The other thing, the only expense that I could see with a.

633

01:14:10.590 --> 01:14:13.830

Michael Whitton, Councilmember: renaming the Court would be putting up a sign and.

634

01:14:13.890 --> 01:14:26.670

Dean Michael: Today we're talking about the expense i'm just talking about the precedence that you know there were naming it after someone just happened to be a town resident didn't do anything, particularly for the town itself um.

635

01:14:30.120 --> 01:14:32.910

Town Clerk Carol Mackin: I just would like to chime in here plays and i'm just.

636

01:14:34.200 --> 01:14:45.990

Town Clerk Carol Mackin: Trying to hold it together when we put that court up, it was a magnet for the children in our Community, and there are very few things that

really find our Community there's the library there's the REC park.

637

01:14:46.530 --> 01:14:56.580

Town Clerk Carol Mackin: And when that basketball Court came in, we have a group of about 20 or 25 Clinton young people who we as parents knew were safe.

638

01:14:57.690 --> 01:15:15.480

Town Clerk Carol Mackin: They were together they've been lifelong friends it's a healthy outlet, and that has been the gym that has attracted these young people to healthy lifestyles active lifestyles really supporting each other.

639

01:15:16.230 --> 01:15:28.020

Town Clerk Carol Mackin: And I as a parent who has a child who was part of that group know that that basketball court really has been the thing that has bound those kids together through.

640

01:15:29.340 --> 01:15:40.410

Town Clerk Carol Mackin: Poland high school and college and so for someone who knows the kids and know how they use it it's really appropriate to name it for one of their kids.

641

01:15:40.830 --> 01:15:54.000

Town Clerk Carol Mackin: One of their friends who's now missing from that group so as they continue to join together there and read their friend have fun have their own tournament's he's present.

642

01:15:54.510 --> 01:16:04.260

Town Clerk Carol Mackin: With them and they mostly but he's present so as a parent of somebody in this Community i'm going to ask the town board support it.

643

01:16:04.740 --> 01:16:19.200

Town Clerk Carol Mackin: Very important to the kids in our Community, who really aren't bound together in many other ways they all go to different schools, this is where they meet this is where they're healthy and active literally till 10 o'clock at night.

644

01:16:20.340 --> 01:16:26.760

Town Clerk Carol Mackin: So i'm asking you to support this for corey and his family and I apologize for losing it.

645

01:16:27.840 --> 01:16:35.790

Chris Juliano Councilmember: Thank you, so you know, I have to say, so I drive by at night and I gotta say you know the kids are always out there, I mean it definitely brings a lot of the kids.

646

01:16:36.000 --> 01:16:45.660

Chris Juliano Councilmember: You know, seeing I don't know how many of them are all using it from our town, it is, I see that it doesn't get us on that and see a group of kids I don't know if it's always the same group of kids.

647

01:16:49.050 --> 01:16:53.850

Michael Whitton, Councilmember: I honestly consider myself very lucky to be able to meet some of these young people that played with corey there.

648

01:16:55.470 --> 01:16:57.420

Michael Whitton, Councilmember: And then, to see how much it means to them.

649

01:16:58.560 --> 01:17:00.000

Michael Whitton, Councilmember: And I don't think it's that much to ask.

650

01:17:01.620 --> 01:17:02.340

Nancy Cunningham, Councilwoman: A question.

651

01:17:04.200 --> 01:17:09.270

Nancy Cunningham, Councilwoman: Are you working with Dan on this co sponsored saying, because I have not yet.

652

01:17:10.500 --> 01:17:18.360

Michael Whitton, Councilmember: Well we've only so far we've only asked, and to make sure that we had that we blocked off the basketball court for that date, and the pavilion so that they have access to the park.

653

01:17:20.040 --> 01:17:28.890

Michael Whitton, Councilmember: And we're going to talk about parking or whatever this when we know exactly how many people, obviously, Dan would be involved if some gazebo or anything is put up later on and things like that.

654

01:17:29.310 --> 01:17:35.580

Michael Whitton, Councilmember: um, but most of the co sponsoring is essentially for the insurance aspect of it to help these young people do this.

655

01:17:37.620 --> 01:17:51.510

Nancy Cunningham, Councilwoman: i'm not, I think this is under the circumstances, I understand what being cyan and That was my first reaction, but I quite frankly, under the circumstances, I think this is this just says, a good thing okay.

656

01:17:52.620 --> 01:18:00.930

Nancy Cunningham, Councilwoman: But I just ACC tournament coordination is a lot of work, and I just want to make sure that Dan is involved in that.

657

01:18:01.260 --> 01:18:11.400

Michael Whitton, Councilmember: yeah but the young people and they're adults with those young people who are planning this event, just like if anybody was planning a family reunion at the pavilion they do it on their own, without you know assistance.

658

01:18:12.210 --> 01:18:12.600

Okay.

659

01:18:14.580 --> 01:18:23.190

Chris Juliano Councilmember: And just just one question Mike so when there were co sponsoring it because it basically for liability.

660

01:18:24.690 --> 01:18:32.370

Chris Juliano Councilmember: it's not gonna affect our you know insurance more with anything else or costs with us just so so everyone understands that.

661

01:18:32.880 --> 01:18:33.360

Michael Whitton, Councilmember: You know.

662

01:18:33.390 --> 01:18:36.900

Town Clerk Carol Mackin: The same way that we would code sponsor the bonfire that the.

663

01:18:36.900 --> 01:18:37.740

Chris Juliano Councilmember: sentence your.

664

01:18:37.830 --> 01:18:44.550

Town Clerk Carol Mackin: sex and ran and REC co sponsored it um it's really just a name.

665

01:18:45.210 --> 01:18:55.650

Clinton Supervisor Ray Oberly: yeah it's very similar, as I see it as all the eagle scout project that we had the zeebo down there, the signs being painted.

666

01:18:56.160 --> 01:19:09.030

Clinton Supervisor Ray Oberly: You know, different projects all over the town in our governmental lands, so you know I support it, no, no question that I don't see this as a financial matter on our part in all.

667

01:19:11.820 --> 01:19:19.200

Nancy Cunningham, Councilwoman: unsupported also are just little worried about the logistics, so you need to get involved, but yeah.

668

01:19:20.460 --> 01:19:20.790

Michael Whitton, Councilmember: Okay.

669

01:19:23.610 --> 01:19:33.810

Chris Juliano Councilmember: i'll support it, I do understand dean's you know what we're doing is coming from, as far as it goes um I think you know with the.

670

01:19:34.230 --> 01:19:41.820

Chris Juliano Councilmember: also understand what carol's coming from because we don't have a lot of areas where a lot of gathering I think that's what I had a lot of people when I went around you know.

671

01:19:42.930 --> 01:19:48.090

Chris Juliano Councilmember: while ago meeting a lot of our residents new he says we wish there was more of a gathering.

672

01:19:48.090 --> 01:19:48.540

Town Clerk Carol Mackin: place.

673

01:19:48.900 --> 01:19:53.490

Chris Juliano Councilmember: For something so I guess if the kids have something in it and so it's a good thing.

674

01:19:54.990 --> 01:19:56.460

Dean Michael: I know I it's, not that I.

675

01:19:57.660 --> 01:19:58.710

Dean Michael: don't want you to think on Pooh.

676

01:19:58.710 --> 01:20:08.640

Dean Michael: poohing it i'm just saying that and I I just kind of feel like it's it's kind of setting our own presidents, but you know look, you know our kids don't really have much to do in our town not that.

677

01:20:09.270 --> 01:20:17.070

Dean Michael: Even our adults have much to do in our town and, and so I do support you know the tournament and everything else and and all support.

678

01:20:17.430 --> 01:20:29.130

Dean Michael: The naming it as well, I just brought it up as far as something that I just think that we should always think about as far as we're seeing you know anything that we do we always set precedence and so that's why I brought it up.

679

01:20:29.550 --> 01:20:39.570

Michael Whitton, Councilmember: And I have no problem admitting that when I first read the email I had kind of the same reaction, you did Dean, and then I thought about it, I met them, I talked to them, and it made complete sense.

680

01:20:39.630 --> 01:20:52.950

Dean Michael: I, I am a full supporter of trying to be a positive, you know give kids a positive thing to work for, and so you know, for that reason, if this is going to give the kids something extra that.

681

01:20:53.430 --> 01:21:02.520

Dean Michael: That just makes them more you know part of the Community and feel part of the Community i'm for so okay yeah.

682

01:21:02.730 --> 01:21:10.380

Chris Juliano Councilmember: I think the other last piece of the puzzle is that he used to use it all the time, I think that's that's a bit it'd be kind of I would have a little more.

683

01:21:10.650 --> 01:21:15.840

Chris Juliano Councilmember: time if we were just picking something to name and he was never there part of it um.

684

01:21:16.440 --> 01:21:26.700

Chris Juliano Councilmember: I think it makes a little easier night and I understanding, you know setting precedent, but I, I think I think this would be a

good thing, maybe bring the Community together, and I think you know, sometimes we need that.

685

01:21:26.970 --> 01:21:27.720

I expect to see.

686

01:21:32.040 --> 01:21:33.360

Chris Juliano Councilmember: I can't play basketball.

687

01:21:33.780 --> 01:21:34.290

Michael Whitton, Councilmember: No, no.

688

01:21:37.050 --> 01:21:37.680

Clinton Supervisor Ray Oberly: emotion.

689

01:21:37.980 --> 01:21:38.880

Michael Whitton, Councilmember: I thought I did.

690

01:21:40.710 --> 01:21:41.250

Dean Michael: yeah we did.

691

01:21:41.880 --> 01:21:42.390

Town Clerk Carol Mackin: We did.

692

01:21:42.540 --> 01:21:43.590

Clinton Supervisor Ray Oberly: Okay, I just why.

693

01:21:43.590 --> 01:21:45.660

Town Clerk Carol Mackin: Second, Giuliano second.

694

01:21:45.990 --> 01:21:49.500

Clinton Supervisor Ray Oberly: Okay roll call over the I cutting him.

695

01:21:51.570 --> 01:21:51.870

Clinton Supervisor Ray Oberly: off.

696

01:21:52.470 --> 01:21:55.290

Clinton Supervisor Ray Oberly: I mean I when.

697

01:21:55.650 --> 01:21:56.790

Clinton Supervisor Ray Oberly: I motion.

698

01:21:58.050 --> 01:22:02.670

Michael Whitton, Councilmember: Now off the top, so the truck is i'm not going to make a motion tonight.

699

01:22:04.650 --> 01:22:06.180

Michael Whitton, Councilmember: We don't have.

700

01:22:07.380 --> 01:22:15.420

Michael Whitton, Councilmember: We sold some things at auction we sold a bunch of equipment and oxen I think there was a about \$31,000 or something that we brought in from that.

701

01:22:15.840 --> 01:22:34.590

Michael Whitton, Councilmember: And then there's some funds leftover in our sand budget line for the highway and Todd is interested in purchasing a Ford F 350 with that money but we don't have the proper budget codes for the motion tonight of where the money is going to come from and I don't think the.

702

01:22:36.540 --> 01:22:43.650

Michael Whitton, Councilmember: The proceeds from the auction were transferred to the proper places I think Todd needs to have a meeting with with Ray to discuss those.

703

01:22:45.180 --> 01:22:48.390

Michael Whitton, Councilmember: And I know I got a couple of comments that.

704

01:22:50.100 --> 01:22:59.430

Michael Whitton, Councilmember: couple of people didn't understand why we were purchasing the truck or what was the What was it replacing I would say we've gotten rid of quite a bit of equipment, through these auctions and.

705

01:22:59.910 --> 01:23:14.070

Michael Whitton, Councilmember: todd's plan when explained to me seemed perfectly reasonable for purchasing this truck, but I think if he can, if he can write something up and send it to you guys and then have a meeting with Ray to discuss where the money's coming from we can deal with this next month.

706

01:23:14.430 --> 01:23:23.910

Chris Juliano Councilmember: So I from visa, this is something that I worked on with Todd a while ago on here just kind of bring some insight so through the whole process we had.

707

01:23:25.560 --> 01:23:34.620

Chris Juliano Councilmember: The sand we're good we're in a good spot our San shed is sand shed is filled up so we got enough there.

708

01:23:35.460 --> 01:23:44.640

Chris Juliano Councilmember: As Mike said there we've been having some equipment that we've been trying to rotate out of that's been overused We really do pretty good on the auction over the past two months.

709

01:23:45.150 --> 01:23:55.440

Chris Juliano Councilmember: um Well, this is part of our plan of trying to upgrade and bring you know the town where we're not having all these repairs and stuff right up front that we've been paying on a lot of old equipment.

710

01:23:56.310 --> 01:24:05.340

Chris Juliano Councilmember: So you know I think this piece of equipment is justified on here, you know from getting rid of is a plan that you know Todd.

711

01:24:05.940 --> 01:24:13.110

Chris Juliano Councilmember: Mike and I were working on for a couple months trying to find a way My biggest concern was you know, trying to cut the budget down on it.

712

01:24:13.650 --> 01:24:22.230

Chris Juliano Councilmember: Through the sale, the proceeds and knowing that our salt shed is set, we have less revenue so i'm not sure about the budget code thing i'll leave that up to you Mike but.

713

01:24:23.040 --> 01:24:25.620

Dean Michael: I think I think he also wanted to transfer.

714

01:24:26.220 --> 01:24:28.770

Dean Michael: One of the vehicles to.

715

01:24:30.270 --> 01:24:32.970

Dean Michael: I guess to use with the the cemeteries and the REC.

716

01:24:33.180 --> 01:24:35.640

Dean Michael: Center and this, this would be bruce's vehicle.

717

01:24:37.230 --> 01:24:51.990

Dean Michael: And this way we're not having to drive you know, one of the big trucks during the summertime, but we also have a smaller truck for this, you know the dirt roads and smaller roads are the big trucks don't go so.

718

01:24:52.320 --> 01:24:59.100

Michael Whitton, Councilmember: there's a there's a truck with a plow on it right now that is going to come off and would go, I think, on the new truck or maybe not he's purchasing a plan.

719

01:24:59.310 --> 01:25:00.900

Dean Michael: For that, but Sander would go on the new.

720

01:25:02.340 --> 01:25:10.680

Michael Whitton, Councilmember: And he's going to use that older one for say the building department to go out on building inspections zoning officer can use it instead of using his own mileage.

721

01:25:10.980 --> 01:25:12.300

Chris Juliano Councilmember: Eric which we should have.

722

01:25:12.420 --> 01:25:21.480

Michael Whitton, Councilmember: yeah sure Eric, what do you run into Williams lumber for maintenance stuff can use that truck as well, so it'll serve a multi purpose.

723

01:25:21.750 --> 01:25:31.860

Nancy Cunningham, Councilwoman: One one concern I just popped into my mind and it depends on what funds he's going to use some of them can only be used for.

724

01:25:33.330 --> 01:25:33.600

Nancy Cunningham, Councilwoman: What.

725

01:25:35.340 --> 01:25:37.740

Nancy Cunningham, Councilwoman: I have a question about the heating.

726

01:25:38.760 --> 01:25:39.540  
Nancy Cunningham, Councilwoman: units.

727  
01:25:39.630 --> 01:25:40.410  
Chris Juliano Councilmember: yeah so.

728  
01:25:41.430 --> 01:25:48.480  
Chris Juliano Councilmember: yeah so Todd had said originally because that's really equipment and grounds, but he set aside.

729  
01:25:49.230 --> 01:25:55.410  
Chris Juliano Councilmember: A certain portion of that when we spoke originally about the when we went on our budget process last year.

730  
01:25:56.010 --> 01:26:05.100  
Chris Juliano Councilmember: Set aside that you take some be able to take some of the unused funds that he had you know from the highway to help with the help with that set aside.

731  
01:26:05.760 --> 01:26:14.610  
Chris Juliano Councilmember: Then we got to come up with the rest, which now that we're through some other stuff and i'll get back on to that and having that hopefully more information by July, so we can move forward with eating.

732  
01:26:16.050 --> 01:26:18.420  
Dean Michael: On here, so now The other concern.

733  
01:26:20.070 --> 01:26:31.800  
Dean Michael: Is that you know if you ever go out to try to buy a vehicle most of these car lights are are practically handy because there's no cars so tired happened to find this particular one.

734  
01:26:32.850 --> 01:26:40.620  
Dean Michael: So that's why he was trying to pull the trigger on it pretty quick, because you know if we don't do something, it may not be an option to get a vehicle.

735  
01:26:41.610 --> 01:26:49.890  
Chris Juliano Councilmember: Are we able to approve it with with with code verification after I mean what what's the legality, out of this here.

736

01:26:50.940 --> 01:27:04.260

Chris Juliano Councilmember: You know because I do know that's an issue right now we can't get it, you know there's very limited on on vehicles out there and then the prices are probably going to start changing to even you know with state bids and stuff as inventory becomes a problem.

737

01:27:06.450 --> 01:27:18.810

Clinton Supervisor Ray Oberly: The biggest concern I had when this whole thing started was I got an email, which said i'm buying this truck for 57,000 or whatever it is, and and such and such and all respect.

738

01:27:20.160 --> 01:27:32.940

Clinton Supervisor Ray Oberly: There was no definition of why we're buying at all Okay, then this morning I get a definitely a listing saying well here's where all the funds could be found.

739

01:27:33.480 --> 01:27:43.140

Clinton Supervisor Ray Oberly: i've been doing this town board meetings stuff today all day just trying to be ready tonight, so I didn't verify that those numbers are right or or legitimate.

740

01:27:44.070 --> 01:27:57.810

Clinton Supervisor Ray Oberly: They add up to be the right numbers and i'm sure we could probably play games, you know get better accounting codes on that not find money, but just better counting code so.

741

01:27:59.070 --> 01:28:13.200

Clinton Supervisor Ray Oberly: I think now that we've gotten more information as to why he wanted to truck I think that important to know, because we did not know, and we just don't buy trucks, with just because, as I need to try.

742

01:28:14.010 --> 01:28:14.340

yeah.

743

01:28:16.230 --> 01:28:21.930

Michael Whitton, Councilmember: So then chris's question remains, can we approve this tonight, without a budget code.

744

01:28:22.200 --> 01:28:22.860

yo.

745

01:28:24.300 --> 01:28:25.650  
Clinton Supervisor Ray Oberly: yo can you can.

746  
01:28:26.820 --> 01:28:27.540  
Michael Whitton, Councilmember: Well then.

747  
01:28:30.300 --> 01:28:35.100  
Michael Whitton, Councilmember: make a motion to approve the following resolution,  
be it resolved at the town board approve the purchase of a.

748  
01:28:37.470 --> 01:28:55.320  
Michael Whitton, Councilmember: St X RC turbo diesel four by four equipped with nine  
foot six inch Fisher XV to Ms plow off of state bid from Romeo forward at a cost,  
not to exceed \$57,986 and 60 cents.

749  
01:28:55.800 --> 01:28:56.550  
Clinton Supervisor Ray Oberly: per second.

750  
01:28:56.700 --> 01:28:57.750  
Chris Juliano Councilmember: aliens second.

751  
01:28:58.650 --> 01:28:59.850  
Clinton Supervisor Ray Oberly: horrible discussion.

752  
01:29:02.700 --> 01:29:06.150  
Clinton Supervisor Ray Oberly: roll call overleaf by calling have.

753  
01:29:11.580 --> 01:29:11.940  
Chris Juliano Councilmember: I.

754  
01:29:12.720 --> 01:29:13.890  
Dean Michael: mean I.

755  
01:29:14.130 --> 01:29:15.480  
Michael Whitton, Councilmember: wouldn't I.

756  
01:29:15.690 --> 01:29:16.650  
Clinton Supervisor Ray Oberly: Motion Gary.

757

01:29:24.420 --> 01:29:25.320

Clinton Supervisor Ray Oberly: appointments.

800

01:32:30.570 --> 01:32:31.860

Clinton Supervisor Ray Oberly: We needed a.

801

01:32:32.910 --> 01:32:38.670

Clinton Supervisor Ray Oberly: consultant for radio frequency in cell tower stuff we're in the midst of.

802

01:32:39.750 --> 01:32:40.740

Clinton Supervisor Ray Oberly: Playing board.

803

01:32:42.510 --> 01:32:55.980

Clinton Supervisor Ray Oberly: approval for a cell tower setting and if we go get a decision made by the planning board within 90 days that actually started a while in automatically gets approved.
