Grand Marshal Bill Dickett:

A Life Well-Lived and A Town Well-Served

Grand Marshal Bill Dickett has been instrumental in shaping the growth of the Town of Clinton since buying his Schoolhouse Road home in 1973. The Dickett's were first introduced to the Town of Clinton when Bill helped a friend move here. Living in Fishkill at the time, Bill, an avid outdoorsman, loved the area and thought this would be a great place to raise his family. So he and his wife Barbara, who passed away on September 20, 2018, purchased property nearby where Bill continues to reside.

After their Schoolhouse Road home was finally complete, Bill was eager to get involved in the Town as public service is something he finds rewarding. Before moving to Clinton he and an IBM colleague saw the need for a police presence in Fishkill where they lived at the time. Together they started the Fishkill Police Department and Bill created the Police Explorer Post, a youth policing program. He was its first advisor responsible for supporting and mentoring future police officers.

With his roots firmly planted in Clinton and four children now at home, Bill became a member of the Recreation Committee where his steadfast commitment and guidance resulted in many of the recreational activities we enjoy today. Together with Recreation Director Dan Harkenrider, Bill started

the swimming program at the Fran Mark Rec Park pond. He was also instrumental in persuading the Town Board to make improvements to Friends Park, including putting fencing around the ballfield, constructing permanent bathrooms and adding picnic tables. Working with the Rec Committee members, Bill laid the foundation of activities offered at both Rec Parks, which we all continue to use and enjoy today.

Bill was soon recruited and elected to the position of Town Councilman. As a Town Board member his philosophy of “never accomplishing anything alone” was on full display as his colleagues were tasked with writing the 1991 Zoning Law. To allow them the time to work on the Law, Bill took on the liaison duties of two other Board members, resulting in a nightly Town meeting schedule. No complaints, as the entire Board took pride in the passing of the Law, a testament to being a true team player.

Notable achievements while a Town Board member include working with CAC Chair Norene Collier to open the Transfer Station and encouraging recycling thirty years ago. In addition, Bill was Chairman of the Cable TV Committee where his guidance was instrumental in negotiating the first contract for Townwide cable installation and service. Other volunteer positions Bill has held in the years since have been as a member of the CAC, SSIP, Historical Society Trustee, Lions Club member, Cable TV Committee, Clinton Community Day Committee, Masonic Lodge Restoration Committee, a member of the Clinton Business Association, and the current Recreation Committee. Tom Myers, a longtime friend and former Town Board member who served with Bill, said “Bill knows everybody in Town. He has done more for this Town than anyone I’ve known in 50 years.”

One of the most rewarding achievements to Bill is his work with the Lions Club and their vision screening program for children aged 6 months to 6 years old. Together with Don Bartles, he would travel across the County and screen up to 400 children per year.

For five decades, Bill has continued to bring his infectious enthusiasm and a team spirit to any position he holds. Leading quietly and by example, Bill continues to be a driving force behind many Town projects encouraging colleagues to work together to accomplish common goals.

The Whitton Family

Michael and Johanna Whitton are overjoyed to celebrate the return of Clinton Community Day!

Celebrating community service is the perfect theme. The Town of Clinton is a wonderful place to live thanks to all of the people that choose to selflessly serve their neighbors. We are blessed to have two amazing fire companies protecting us at all times. Our family thrives because of the services of the Clinton Community Library and the Clinton Historical Society. We love all of the programs that the volunteers of the Clinton Recreation Department and the Conservation Advisory Committee provide to our town. We are so proud of our neighbors that give their all to Clinton, finding ways to contribute their own skills to make this a better place to live and work.

Our family loves this town, and we work to give back as much as we can, knowing that we will never be able to repay all that has been given to us by this amazing place and our great friends and neighbors.

Van Norstrand & Hoolihan, CPA's, P.C.

Van Norstrand & Hoolihan, CPA's, P.C., was established in September 1990 in Rhinebeck, New York. Subsequently, we opened an office in Round Rock, Texas in 1994.

Both partners, Margaret Van Norstrand & Timothy Hoolihan, were born and raised in the Hudson Valley. Maggie is the partner in the Round Rock, TX office and Tim is the partner in the Rhinebeck, NY office.

Our firm has over thirty years experience in the public accounting profession here in the Hudson Valley with strong concentrations in tax preparation and accounting work for small businesses and individuals and in the non-profit area. We bring with us a diversity of experience in different industries and an energetic attitude towards helping our clients.

We are also a member of the American Institute of Certified Public Accountants and the New York State and Texas Society of Certified Public Accountants, and as a result we participate in continuing professional education programs throughout the course of the year.

Our firm has been subjected to eight Peer Reviews, which are prepared every 3 years, by the American Institute of Certified Public Accountants and our firm has received unqualified opinions on all.

Business Technology Consulting has been providing quality web development and IT consulting services since founding in 2002. It is my mission to provide a balance of quality and value that matches the needs of my clients.

Interested in getting in touch to chat about technology or to inquire about a project please feel free to contact me...

AN EXTENSION OF YOUR TEAM

Giving back, sharing knowledge, and establishing a prevailing sense of fellowship between partners, friends and neighbors is an integral part of who we are. With every project we undertake, we care deeply about lending a hand to create high-impact, resilient solutions that activate beneficial change in our communities. Our compassion for humanity is what drives us each and every day.

M&T Bank

Your personal banker can help with everything from finding the products and services that meet your financial needs to notifying you of offers and opportunities that may give you better returns. We're committed to serving the way you bank today, while helping you build financial security for the future. M&T Bank ATMs enable our customers to perform a range of transactions in a variety of languages. Withdraw cash, deposit checks or cash, retrieve your account balance, transfer money and more. We understand that saving time is important to you. That's why we make banking with us quick and easy.
