December 31, 2024 (December work)

### **Town of Clinton Highway Department Report**

**Storms** - During the month of December either our full crew or a partial crew conducted snow and ice operations, including checking roads, on (14) separate days. This includes: days with storms, days with windblown drifts, days pretreating, and days cleaning up following a storm.

**Pretreatment of roadways** – was done a couple of times in December to help get a jump start on the expected storms.

**Tree work** - Picked up the Bucket truck, Shared Equipment, from Milan and cut several dead/compromised trees along the road side.

**Hauling** - several crew members have been hauling materials used in snow and ice storms to help cut costs.

**Sign replacement** – the Lake Drive sign was damaged in a reported accident and with the automobile driver's insurance reimbursement, the sign was replaced.

**Truck inspections** – the crew has been closely performing truck checks to ensure the equipment is in good working condition while its put under the strain of the storms.

**Interdepartmental Aid** - the Highway crew hauled trees for the Rec Dept bonfire event held at Fran Mark Park.

**Special shout out to the crew** – I wanted to give a special thanks to the Highway crew, including my secretary. The entire crew has worked many long hours and taken great pride in their work this month with going above and behind what was needed. Thank you.

Respectfully,  
Todd M. Martin  
Highway Superintendent
