Public Hearing for the Wappinger Creek Nine-Element Watershed Management Plan

Date: Tuesday, October 8th

Time: 6:00 pm – 8:00 pm

Location: Farm and Home Center,
2715 Route 44, Millbrook, NY

As the second of two public hearings for the Wappinger Creek Nine-Element Watershed Management Plan process, this meeting invites local municipal officials, community members, residents, and other stakeholders to come learn about the latest updates regarding the watershed management plan, water quality improvement recommendations and strategies, and potential implementation projects.

There will be a dedicated portion of the evening for public comment and a question/answer session with the presenters. All comments and suggestions will be considered for inclusion into the final watershed management plan. Coffee and light refreshments will be served.

Presenters include:

- **Mayor Matt Alexander** - *Village of Wappingers Falls*
 - **Vijay Eppakayala** - *K.C. Engineering*
- **Sean Carroll** - *Cornell Cooperative Extension Dutchess County*
